

TRUMAN SIGNS FURLOUGH PAY BILL

SHERIFF SHOT
IN LEG WILL
QUIT POLITICSATHENS, TENN. MESS
SENDS HIM BACK TO
RAILROADING

BY NORMAN BRADLEY

Chattanooga, Tenn., Aug. 8 (AP)—Pat Mansfield, former sheriff of McMinn county and a leader of forces which were beaten in a battle of ballots and bullets last Thursday, said today "I'm through with politics for good—it'll sure mess you up sometimes."

The stocky ex-sheriff disclosed that he was suffering from a slight buckshot wound in the right leg—received in a rousing, six-hour pitched battle between his forces and partisans of a victorious ex-G. I. state of candidates. The wound wasn't serious, he said.

Mansfield gave a telephone interview from the Chatsworth, Georgia home of relatives where he has been staying since he abdicated as sheriff early last Friday. He disclosed that he revisited Athens, McMinn county seat, today—for the first time since the gunfire—to resign his last official connection with the strife-torn county—membership on the election commission.

Routed By Dynamite
"I'm going back to railroading," he announced. "I'm a locomotive engineer, you know, and I expect to go back to my old job of railroading between Etowah and Atlanta on the Louisville and Nashville railroad."

Mansfield was a high lieutenant in the Paul Cantrell McMinn county administration which lost the election and the gun battle waged around the county jail for possession of contested ballot boxes.

He and a score or more of deputized officers barricaded themselves in the jail, only to be routed with dynamite blasts after the G. I. faction had besieged them with shotguns, pistols, rifles and at least one machinegun.

As an aftermath, the county officers resigned and were replaced with ex-G. I. winners in the election.

Vocational School
Site Proposed To
Cost Over \$130,000

Lansing, Aug. 8 (AP)—The State Youth Guidance Commission today heard plans to acquire a new site for the boys' vocational school near Williamston at a cost of more than \$130,000.

The Rev. Paul Czernianske, chairman of the State Juvenile Institute Commission, predicted the commission would accept the site at its September 6 meeting. The site was recommended by a legislative committee headed by Rep. Robert M. Montgomery, Lansing Republican.

Czernianske said the selection of a new site for the school was hampered by the statutory necessity of acquiring at least a section of land and the need for placing it close to state hospital and educational agencies.

Members of the Youth Guidance Commission questioned whether the legislative committee's plans did not over-emphasize agricultural training in view of the preponderance of inmates from cities.

Weather

(Reported by U. S. Weather Bureau)

LOWER MICHIGAN: Partly cloudy and warm with rather widely scattered showers Friday, turning cooler Friday night. Saturday generally fair and considerably cooler.

UPPER MICHIGAN: Mostly cloudy with scattered light showers Friday and Friday night. Cooler northwest portion Friday and entire state Friday night. Saturday partly cloudy and considerably cooler.

Ann Arbor Bribery
Hearing Marked By
Lawyer's Squabble

Ann Arbor, Mich., Aug. 8 (AP)—A battle between opposing lawyers and a witness who refused to testify until granted immunity today highlighted the city police commission's hearing on charges that suspended Police Chief Sherman H. Mortenson and Detective Lieut. Eugene Gehring.

The attorney's squabble was touched off when Special Grand Jury Prosecutor William Bruster asked for an adjournment until tomorrow, saying he had no more witnesses to call, and Mortenson's attorney, Louis E. Burke, accused him of needless delay.

Gehring's attorney, Ralph Keves, joined the argument saying Bruster was getting a high fee for his work and had produced only 12 of the 40 witnesses he had listed.

Keves added that his client, a police department employee, couldn't afford to have the hearing drag on indefinitely.

Bruster accused the two defense attorneys of delaying tactics with their objections to testimony and said he would offer only two or three more witnesses before closing his case Friday, if possible.

Asked who his next witness would be, Bruster said Nick Therios, alleged head of the Ann Arbor policy racket, would take the stand and be granted immunity against prosecution for bribery.

"Theros will take the stand and he will say he paid xxx bribes," Bruster declared.

"Yes," Burke replied, "You are going to browbeat Therios into testifying. I understand a pistol was once pulled on him in the grand jury room."

Bruster called the accusation "preposterous."

WAGE QUESTION
SIFTED BY UAWUnion Goes Into Huddle
To Decide Policy For
Half Million

Detroit, Aug. 8 (AP)—A verdict on the Chrysler wage issue was bypassed by heads of the CIO's United Auto Workers today in favor of a policy to be drafted for all the industry's more than a half million workers.

President Walter P. Reuther announced the international executive board had decided to work out an "over-all policy" on wages and prices which will be presented to the CIO's national wage-price conference in Washington Aug. 15.

The big Chrysler segment of the UAW-CIO had demanded a re-opening of wage discussions with intentions of seeking a pay boost or "cost of living bonus" to counteract higher consumer prices.

After another extended board session, however, Reuther said the UAW leadership had decided to draft recommendations covering Chrysler together with the "whole situation in our industry."

"The board," he said, "decided to work out recommendations which we feel will represent the proper approach to this problem both with respect to our membership and the nation as a whole. It will be an over-all policy—not one just to take care of Chrysler."

Progress Reported
In Settlement Of
Packard's Dispute

Detroit, Aug. 8 (AP)—Officials of the Packard Motor company and Local 190, CIO United Auto Workers, reported "some progress" today in efforts to settle a dispute that began Monday and idled 8,500 Packard workers.

The conferees held two sessions today, their discussions lasting seven hours, before they adjourned with an announcement they would resume tomorrow.

The dispute originally centered over who was to do some maintenance work at the factory, but spokesmen for both sides indicated other minor disputed points have entered into the discussions.

An estimated 2,900 workers at the Briggs Meldrum plant, which makes Packard auto bodies, also are idle as a result of the dispute.

Forest Fires Burn
15,450 Acres Of
Michigan Woodland

Lansing, Aug. 8 (AP)—A total of 15,450 acres of forest lands in the state have been burned in 1,269 fires so far this season, a larger acreage than was burned over in the entire 1941 or 1942 seasons, the State Conservation Department said today.

The department said dry weather had made serious late summer forest fire hazards.

SHE WOULDN'T BE BURIED—Mrs. Janie Venable Gantt, 19, mother of a 3-year-old boy, shows police the grave which her husband, William L. Gantt, Jr., dug for her near an Atlanta, Ga., park. He put her in and left, thinking that she could not climb out, she escaped. Gantt, a former Navy man, is out on bail. (NEA Telephoto.)

Japan And Korea Get
55 Million Credit To
Buy U.S.A. Equipment

Washington, Aug. 8 (AP)—The United States has decided to extend a credit of around \$55,000,000 to Japan and Korea to enable them to purchase surplus Army and Navy equipment, government officials said today.

Acting on General MacArthur's request, three agencies of the American government are reported to have approved the transaction despite initial opposition from the treasury department.

Officials said a representative of the foreign liquidation commission was now in Japan arranging details for transfer of the material which reportedly will be limited to transportation stocks, road building and communications equipment.

Japan's share of the credit is expected to total about \$30,000,000 with Korea getting about \$25,000,000. A minimum of \$16,000,000 has been tentatively set for Japan but the officials said they believed additional requirements would raise the figure to around \$30,000,000.

General MacArthur, as supreme Allied commander, is reported to have requested Washington approval of the deals under his authority to prevent disease and unrest in attaining the objectives of Allied occupation.

FATHER DIVINE
AND BRIDE POSEBeautiful White Girl Is
Feted As Wife Of Bald
Negro Evangelist

Philadelphia, Aug. 8 (AP)—Father Divine, five-foot, billiard-bald negro evangelist and self-proclaimed "god," posed today for the first pictures with his beautiful 21-year-old white bride and predicted their marriage will carry "democracy, Americanism and Christianity to the new birth of freedom predicted by Abraham Lincoln."

His bride—she was Edna Rose Ritchings of Montreal, Canada, before she adopted her cult name of "Sweet Angel"—sat demure and silent through the brief press conference.

Then the smiling blonde girl, who towers six inches above "god," quietly took her place at the head of a huge banquet table in the four-story downtown building which is Father Divine's headquarters, one of many "heavens" which his sect owns and operates throughout the north.

At the tables members of the cult called loving words to her as she passed, and greeted her husband's appearance with shouts of "Thank you, Father" and "Isn't it wonderful!"

The committee released four of these letters without disclosing the names of the writers.

COTTON CROP SHORT

Washington, Aug. 8 (AP)—The agriculture department today forecast a 1946 cotton crop of only 9,290,000 bales, indicating that this country's supply for the year ahead may be at the lowest level in 18 years.

Missoula, Mont., Aug. 8 (AP)—Ralph Hand, regional U. S. Forest Service fire dispatcher, said today all fires in the national forests of Montana, Idaho and Wyoming now were under control.

PEACE VOTING
RULE MISTAKE,
RUSSIAN SAYSMOLOTOV ACCUSED
OF INTIMIDATION
AT PARIS

BY JOSEPH DYNAN

Paris, Aug. 8 (AP)—Soviet Foreign Minister Molotov demanded today that the European peace conference reject voting procedure already approved by the rules committee and Herbert V. Evatt of Australia heatedly accused him of trying to use veto power in action having "the suggestion of intimidation."

Molotov charged that Britain and the United States had engineered a "grave mistake" in obtaining approval of a British amendment giving a simple majority the right to make treaty recommendations to the foreign ministers council. He asked for a strict two-thirds rule only.

Evatt asserted the Russian's action in reopening the voting issue before the plenary session "amounts to what is known in some countries as filibustering."

New Struggle Looms
Evatt declared Molotov was trying to enforce the same veto power in the peace conference that he had in the foreign ministers council.

Molotov said the British and U. S. delegations had "joined hands" on the simple majority amendment, and "probably expected to facilitate recommendations which would be desirable to them."

He asserted a majority must not be set off against a minority. The renewed explosion threw the delegates into consternation at prospects of another long, bitter struggle in the plenary session over the same ground covered in the rules committee. The delegates had expected a perfunctory approval of decisions reached in committee.

The session adjourned at 7:10 p. m., with U. S. Secretary of State James F. Byrnes, and representatives of the Ukraine and White Russia scheduled to speak tomorrow.

Yugoslav delegate Edward Kardelj, speaking in support of Molotov, said that if the rules committee decision was adopted by the conference Yugoslavia could continue to take part "only with strong reservation."

British delegate A. V. Alexander, First Lord of the Admiralty, then joined the debate, accusing Molotov of "further delaying action" in an attitude "which would prevent peace at any time."

Unity Plan Favored
Molotov declared that Russia could not agree that the 21 nation peace conference might adopt a recommendation by a margin of only one vote, which he said would permit 11 nations to impose their will upon the other 10.

He added that a search for unanimity should be the "guiding principle" of the sessions, and cited procedure in the United Nations assembly, where a two-thirds rule is employed; in the security council, where unanimity of the five permanent members is required; in the foreign ministers council and various wartime meetings where the unanimity rule prevailed.

Commenting on American and British reservations to the voting procedure suggested by the foreign ministers council, Molotov accused both nations of "repudiating their agreements" and added:

"It would seem that their right hand doesn't know what their left hand is doing."

Totally applauded by other Slav delegations, Molotov declared Russia's wartime services and losses entitled her to be heard in demanding unanimity in the conference.

**Kalamazoo Boy, 18,
Held For Slaying
His Brother-In-Law**

Kalamazoo, Mich., Aug. 8 (AP)—Municipal Judge Carl Blankenburg dismissed a first degree murder charge against Francis J. Fox today but ordered the 18-year-old boy bound over to circuit court in connection with the slaying of his brother-in-law.

Dismissal of the one count left Fox charged with second degree murder and manslaughter, and Clifton Baty, 23, was killed July 18 in a restaurant operated by Mrs. Annie Fox, mother of the defendant, after the two youths quarreled over the relative wartime merits of the north and south.

NIMITZ VISITS DETROIT
Detroit, Aug. 8 (AP)—Fleet Admiral Chester W. Nimitz has accepted an invitation to visit Detroit Oct. 23 and speak before the International College of Surgeons convention.

Heirens Murder
Charges Held Up
For Mental Test

Chicago, Aug. 8 (AP)—The state agreed today to hold up its murder charges against William Heirens until the multiple killer with the Jekyll-Hyde personality can undergo a mental test.

With the prosecution and defense concurring, Chief Justice Harold G. Ward of criminal court continued the youth's arraignment on three murder charges to Sept. 4 and directed that he be examined by psychiatrists.

The 17 year old Heirens, who was a model student at the University of Chicago was brought before Judge Ward today for arraignment on a murder charge in the fatal stabbing of Mrs. Josephine Ross, 43 year old widow.

In the space of seven months, the youth has confessed, he fatally stabbed Mrs. Ross and Miss Frances Brown, 33 year old ex-wave, and strangled six year old Suzanne Degnan. He also confessed scores of burglaries.

His arraignment in the Degnan and Brown murder cases and 29 robbery, burglary and assault charges had been set for Aug. 14 but all were continued with the Ross case to Sept. 4. The youth has not pleaded in any of the cases.

Dr. William Haines of the Cook County (Chicago) Behavior Clinic and Dr. Harry Hoffman, court psychiatrist, were appointed to examine the youth who said he burglarized to obtain sexual gratification. State's Attorney William J. Tuohy said additional psychiatrists probably would be named to participate in the tests.

If Heirens is found legally sane, his attorneys are relying on his voluntary confessions to save him from a possible penalty of death in the electric chair. However, Tuohy has declined to verify reports he would recommend clemency in return for the confessions.

Steady winds blowing down from the plains of central Canada brought new drought damage to the United States corn crop yesterday and more moisture to the rain-soaked eastern states.

The winds, weather forecasters said, have been blowing strong in the upper atmosphere for the last five or six weeks, pushing aside moisture-laden air moving up from the Gulf of Mexico.

As a result, the worst drought conditions since the mid-thirties have damaged corn and vegetables in northern Illinois, eastern Wisconsin, northern Indiana and lower Michigan.

The main corn belt is reported in good condition, however, with sufficient rainfall in the principal corn growing state of Iowa and in southern and central Illinois. The moisture conditions were fair in southern Indiana, a major corn growing state, with the crop in no immediate danger.

A low pressure trough now extending in a north and south direction over the plains states, weather forecasters said. Moist air moves northwest over Texas, north over Oklahoma, northeast over Kansas and Missouri and into Iowa. At that point, the north winds, called an anti-cyclonic curve, catch the moist air and shove most of it eastward and some of it westward.

Scattered showers were forecast for today over much of the drought area but the weather bureau said no real relief would come until the northerly winds break up. A "cool" wave with clear skies was forecast in the wake of the showers.

Abnormally hot weather continued in Kansas and Oklahoma, with temperatures ranging up to 112 degrees. In Bozeman, Mont., however, the mercury dropped to 33 degrees, lower than a 50 year old record.

**British Repudiate
Russia's German
Reparations Claim**

London, Aug. 8 (AP)—The British government has repudiated Russia's claim for \$10,000,000,000 reparations from Germany and called upon the Soviet government to agree to administration of Germany as an economic whole during the Allied occupation.

Britain released tonight the text of a statement setting forth the principles which Britain regards as "essential" for proper execution of the Potsdam agreement as far as economic unity and reparations are concerned.

The statement was communicated to the American, Soviet and French governments July 29 as Philip Noel-Baker, minister of state, announced British acceptance of the American offer of co-operation between the U. S. and other zones of Germany. At that time Noel-Baker said France had not agreed to come in.

**Organized Robbers
Get \$35,000 At Bank**

Walters, Okla., Aug. 8 (AP)—A band of unmasked men, described by the highway patrol as "a well-organized gang," robbed the First National Bank of Walters of an estimated \$35,000 today and touched off an extensive manhunt.

State Highway Commissioner J. M. Gentry said the bandits, estimated to number from three to five, had used at least three automobiles in their flight from the bank.

**WAC Captain Faces
Trial In Fabulous
Crown Jewel Theft**

Frankfurt, Germany, Aug. 8 (AP)—The U. S. Army charged WAC Captain Kathleen B. Nash Durant today with larceny, embezzlement, conspiracy and being absent without leave in the story-book theft of the \$1,500,000 Hesse crown jewels from Kronberg Castle.

The trial of the stocky, dark-haired, 44-year-old former manager of the Kronberg Castle recreation center probably will begin within five to 10 days, according to Capt. Harold H. Chase, of Salina, Kans., the lawyer who drafted the charges.

The charges said she conspired with her husband, Col. Jack W. Durant of Chicago, Ill., and Maj. David F. Watson of Burlingame, Calif., in the theft of the Royal House of Hesse treasure.

No charges were preferred against the two men, but it was understood that Major Watson would be tried after Mrs. Durant, with Col. Durant tried last.

**ISLANDS SWEPT
BY TIDAL WAVE**

Port-Au-Prince, Haiti, Aug. 8 (AP)—Fresh earthquakes rocked Haiti, the Dominican Republic and Puerto Rico today causing panic among residents in many areas and sending a new tidal wave swirling into an already leveled town of the Dominican Republic.

The new blows fell in a Caribbean region which has suffered intermittent earth shocks since last Sunday. Once again towns on or near the Mona passage—the rough stretch of water separating the Dominican Republic from Puerto Rico—appeared to be the hardest hit. Casualty figures were not immediately available.

Many walls in the Dominican Republic which withstood the previous shocks crumbled during the 40-second quake this morning. Reports from that neighboring country said panicky people jumped from balconies into the streets. Others were injured by careening cars.

Fearful residents refused to sleep tonight in their homes and stretched out instead in parks, streets and open places.

Matanzas, on the Dominican Republic's northeast coast, felt the full force of the new tidal wave. Fortunately many residents of that town and the surrounding region had fled in the last few days to higher ground in the interior. Military planes dropped food and medical supplies to these refugees.

The shocks knocked some pedestrians off their feet in Haiti, which jointly occupies Hispaniola island with the Dominican Republic.

Panic developed among inhabitants of the Puerto Rican towns of Aguadilla and Mayaguez. In Ponce, on the Puerto Rican south coast, school children rushed from their classrooms.

Estates Get Cash
The legislation increasing veterans' pensions also authorizes the payments of full pensions to veterans who are hospitalized or who live in VA institutions. In the past these payments have been limited to \$20 a month and for those pensioned for non-service connected disabilities, to \$8. The larger pension checks will not be received before October 1, since monthly benefits are not paid in advance.

The new veterans training law sets a ceiling of \$175 a month for single men and 200 for married men trainees in the on-the-job program. Of this amount the government will pay a maximum

(Continued on Page Two)

MONEY GOING
TO 15,000,000
ENLISTED MENPENSIONS BOOSTED
FOR VETERANS OF
BOTH WARS

Washington, Aug. 8 (AP)—President Truman today signed legislation carrying money to pay some 15,000,000 former and present enlisted men for terminal leave they did not get.

He also signed a series of other measures affecting ex-service men, including one increasing veterans' pensions by 20 per cent and another designed to head off what Veterans Administrator Omar N. Bradley has described as a threatened national scandal in veterans' training.

Ceremony Today

The appropriation for terminal leave was signed in advance of the bill which authorized such payments. A special White House ceremony—possibly tomorrow—will attend the signing of the latter measure.

The legislation signed today: 1. Appropriates \$2,431,703,000 to make the terminal leave payments, mostly in five-year bonds; \$30,000,000 to buy special automobiles for legless veterans; \$26,000,000 additional for OPA.

2. Increases by 20 per cent the pensions of nearly 2,000,000 veterans of both World Wars and 400,000 dependents, effective September 1.

3. Sets up tighter standards for on-the-job training for veterans, the activity in which General Bradley said scandal was threatened; provides for inspection of such training projects and sets pay ceilings for veteran trainees.

4. Authorizes the Veterans Administration to operate canteens in hospitals and veterans homes, financed by a \$4,000,000 revolving fund.

5. Permits veterans who lived in enemy countries during the war to receive VA benefits provided they were not disloyal to the United States. About 10,000 persons, to whom benefit payments were suspended during the war, were affected.

6. Allows full pensions to veterans who became disabled in peace-time service. Some 40,000 veterans are affected, at an estimated first-year cost of \$3,500,000.

7. Provides re-employment rights in their prewar jobs to wartime personnel of the merchant marine, similar to existing rights of men and women who served in the armed forces.

8. Authorizes Federal Works Administrator to provide temporary facilities such as classrooms, laboratories, dining halls and infirmaries to colleges furnishing veterans' training courses under the G. I. bill of rights. A \$75,000,000 appropriation is provided.

Estates Get Cash
The legislation increasing veterans' pensions also authorizes the payments of full pensions to veterans who are hospitalized or who live in VA institutions. In the past these payments have been limited to \$20 a month and for those pensioned for non-service connected disabilities, to \$8. NAVAL AIRMAN KILLED AT 500

Big Grumman Fighter
Crashes At Airport,
Bursts In Flames

Naval officers were expected in Sault Ste. Marie Thursday to investigate the crash of a Navy Grumman F6F fighter which was wrecked Wednesday about 2:05 p. m. at the Sault municipal airport, instantly killing its pilot, tentatively identified as Ensign H. L. Neal of the Grosse Ile Naval Base.

The big fighter, according to Wayne Cooper, airport employee, had taken off from the airport, circled, was flying southwesterly across the field in a climb, and had gone into a slow roll. At the top of the roll, the airplane fell out of the maneuver and crashed into the ground with terrific violence near the southwest limits of the field, bursting into flames as it hit the ground.

Offices Merged; Judge Collet New Aide To Steelman

BY STERLING F. GREEN
Washington, Aug. 8 (AP)—John R. Steelman installed Judge John C. Collet today as a close personal associate in his office of reorganization, and reshuffled administrative responsibilities.

The reorganization merges the Office of Economic Stabilization into the reorganization office.

Collet, a Missouri federal judge, comes into the Steelman set-up "with no formal title or specific duties." He headed the formerly independent stabilization office up to the height of the recent row over wage-price policy. He resigned at that time and was succeeded by Chester Bowles, whom he had backed in the battle for a strong hold-the-line stand.

The key post in the general administrative reorganization — deputy director for production, stabilization and war liquidation — went to Harold Stein, 43, who was brought into the high-policy agency when Chief Justice Vinson was director of War Mobilization and Reconversion.

Two other deputies were appointed, Steelman announced — Donald Kingsley for fiscal policy, employment and Social Security, and Anthony Hyde for information and reports.

Rat Causes Panic In Streetcar Full Of Detroit Women

Detroit, Aug. 8 (AP)—One of life's little dramas, played against a Metropolitan backdrop, wrought panic today on the Woodmere trolley line.

The characters were motorman Walter Williams, his near-capacity load of female passengers, Tom Woodishec and an unidentified rat.

Williams stopped his car to pick up Woodishec. At that moment a rat ran at Woodishec. The latter kicked the rat which sailed into the air and through the trolley's front window.

The rodent landed beside a woman in the front of the car. She promptly took off for the rear of the car. So did the rat.

Terror-stricken women screamed, jammed the aisle and performed trapeze acts on the hanging straps.

Williams came on back stage with a broom and the rat was carried off.

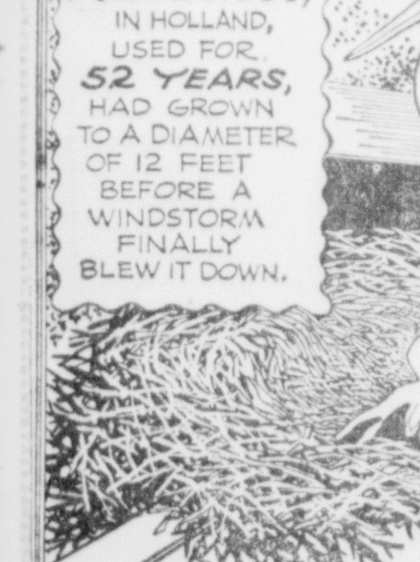

Motorman Williams left the east at the end of the run and was replaced by motorman Percy Harrison.

STOCK TO POLAND

Warsaw, (AP)—The newspaper Gazeta Ludowa reported Poland had received larger UNRRA deliveries of livestock than any other European country, including 40,000 horses and 14,000 cattle.

NATIONAL DEFENSE

Although war is over, national defense remains largest single item of expense. Estimate for this fiscal year will be between 17 and 18 billion dollars.

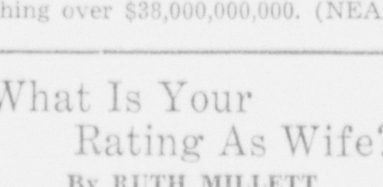

VETERANS

Veterans administration costs will come to about \$5,000,000,000, not counting terminal leave pay. Veterans expenses will be continuing expense in budget.

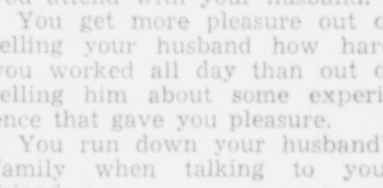

PUBLIC DEBT

Interest on the public debt grew fast during war. Cost this year will be about \$3,000,000,000, approximately five times 1939's total of \$941,000,000.

WHERE YOUR TAX MONEY GOES

The budget for Uncle Sam's first postwar year will be a big one, and the Newschart above shows where some of the money will go. Total outgo is expected to range between \$37,000,000,000 and \$40,000,000,000, with income something over \$38,000,000,000. (NEA Newschart.)

What Is Your Rating As Wife?

By RUTH MILLETT
No matter what you think, you are not as good a wife as you might be if:

You tell your friends, "The trouble with George is..."

You're more particular about how you dress for a tea than about what you wear to a movie you attend with your husband.

You get more pleasure out of telling your husband how hard you worked all day than out of telling him about some experience that gave you pleasure.

You run down your husband's family when talking to your friends.

You spring bad news at the dinner table, instead of putting off telling it until you think your husband is in the mood to take it philosophically.

You are never satisfied with your house as it is, and are always wanting something new to make it perfect.

You think more of gaining the approval of your friends than you do of your husband's comfort in furnishing your home.

You derive no pleasure from entertaining your husband's friends.

You'd rather pick out your own presents than run the risk of having your husband buy you something you don't need.

When your husband does buy you something you wouldn't have selected yourself, you return it.

Do You Embarrass Him?
You remind your husband of his duties as a host, when you know he'd remember them himself in a few minutes.

You say, "I'll have George do so-and-so." Instead of, "I'll ask George if he'll do so-and-so."

You aren't willing to let your husband take the credit for an idea you were anxious to have him think was his until it turned out well.

You never ask your husband's opinion about anything.

Perjury Worse Than Murder
The Nagas of Assam consider murder a minor offense, while the perjurer is permitted to commit suicide in preference to having his head removed.

INTERNATIONAL FINANCE

Output for international financing will be between 3 and 3.6 billion dollars. Not all this will be paid out during the year and some of loans will be repaid.

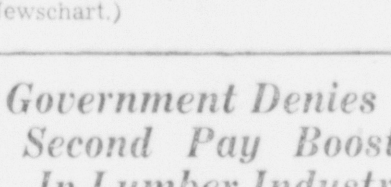

REGULAR DEPARTMENTS

Something over a billion dollars will be cost of government's regular departments, excluding Navy and Agriculture. Our departmental cost is relatively low.

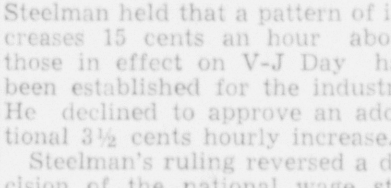

AID TO AGRICULTURE

Farmers' aid will cost about one and a half billions, of which some \$900,000,000 goes to Commodity Credit Corp. for financing farm subsidies.

NEA Newschart

Farmers' aid will cost about one and a half billions, of which some \$900,000,000 goes to Commodity Credit Corp. for financing farm subsidies.

DEFENSES TIGHTEN

Against Polio In
Detroit-Windsor

Detroit, Aug. 8 (AP)—Detroit and its Canadian neighbor, Windsor, tightened their defenses today against an upsurge in the number of cases of infantile paralysis.

An aquatic carnival Aug. 16 and the Children's Pageant scheduled for Aug. 18 as a climax to the summer playground program were cancelled in Detroit.

Windsor closed its public bathing beach and wading pools.

Detroit reported five new polio cases, for a total of 71 for the year, and a fifth victim died Wednesday.

Windsor, which had only seven cases in 1945, has had 20 cases in three weeks and the first fatality occurred Wednesday.

Reconversion Director John R. Steelman held that a pattern of increases 15 cents an hour above those in effect on V-J Day had been established for the industry. He declined to approve an additional 3 1/2 cents hourly increase.

Steelman's ruling reversed a decision of the national wage stabilization board which had approved the 3 1/2 cent increase on top of the earlier-approved 15-cent pay boost for more than 45,000 lumber workers in the Pacific Northwest.

The action taken by Steelman in the case, in a letter dated Aug. 2, was disclosed today by the NWSB. The reconversion director's ruling does not prohibit payments of the second wage increase to the workers but it does bar its use as a basis for seeking price relief from the OPA.

Getting Lit Up Is
Costly For Britons

Blackpool, England—(AP)—Britons spend annually on drink almost three times the total of their yearly fuel and light bills, a conference of electrical engineers here was told.

R. S. Thwaites, manager of Manchester's electricity department, said national expenditure in Great Britain last year on fuel and light was \$1,192,500,000, whereas \$3,082,500,000 was spent for drink.

LAND AUCTIONS START SEPT. 4

Upper Peninsula Lots Go
To High Bidders In
State Sales

Lansing, Aug. 8. (AP)—The state will offer 27,755 acres and 561 lots in the Upper Peninsula to high bidders at nine auctions between Sept. 4 and 13.

The sale schedule includes:
Sept. 4, at St. Ignace, 1,754 acres and 37 lots in Chippewa county and 1,250 acres and 42 lots in Mackinac county.

Sept. 5, at Manistique, 1,368 acres and 18 lots in Luce county and 361 acres and 11 lots in Schoolcraft county.

Sept. 6, at Escanaba, 2,064 acres in Menominee county and 2,045 acres and 119 lots in Delta county.

Sept. 7, at Marquette, 2,254 acres in Marquette county, 1,755 acres in Alger county.

Sept. 8, at Anse, 1,888 acres in Baraga county.

Sept. 9, at Houghton, 3,334 acres and 29 lots, Houghton county.

Sept. 11, at Ontonagon, 1,628 acres in Ontonagon county and 160 acres in Gogebic county.

Sept. 12, Crystal Falls, 5,809 acres in Iron county.

Sept. 13, 3,193 acres and 274 lots, Dickinson county.

Defenses Tighten
Against Polio In
Detroit-Windsor

Detroit, Aug. 8 (AP)—Detroit and its Canadian neighbor, Windsor, tightened their defenses today against an upsurge in the number of cases of infantile paralysis.

An aquatic carnival Aug. 16 and the Children's Pageant scheduled for Aug. 18 as a climax to the summer playground program were cancelled in Detroit.

Windsor closed its public bathing beach and wading pools.

Detroit reported five new polio cases, for a total of 71 for the year, and a fifth victim died Wednesday.

Windsor, which had only seven cases in 1945, has had 20 cases in three weeks and the first fatality occurred Wednesday.

Reconversion Director John R. Steelman held that a pattern of increases 15 cents an hour above those in effect on V-J Day had been established for the industry. He declined to approve an additional 3 1/2 cents hourly increase.

Steelman's ruling reversed a decision of the national wage stabilization board which had approved the 3 1/2 cent increase on top of the earlier-approved 15-cent pay boost for more than 45,000 lumber workers in the Pacific Northwest.

The action taken by Steelman in the case, in a letter dated Aug. 2, was disclosed today by the NWSB. The reconversion director's ruling does not prohibit payments of the second wage increase to the workers but it does bar its use as a basis for seeking price relief from the OPA.

Getting Lit Up Is
Costly For Britons

Blackpool, England—(AP)—Britons spend annually on drink almost three times the total of their yearly fuel and light bills, a conference of electrical engineers here was told.

R. S. Thwaites, manager of Manchester's electricity department, said national expenditure in Great Britain last year on fuel and light was \$1,192,500,000, whereas \$3,082,500,000 was spent for drink.

MOVIE STAR—James Houston Davis

Louisiana's singing governor, will star in the forthcoming movie "Louisiana," the story of his rise from a farm boy to a professorship in a girls' college and on to the governorship of his state. Governor Davis, who composed the song "You Are My Sunshine," will work in the picture during his summer vacation. (NEA Photo.)

Prices Adjustable On Newsprint And Pulp Wood Sales

Washington, Aug. 8. (AP)—OPA today authorized adjustable prices on all sales of newsprints and imported pulp (wood).

This means that sellers may deliver these products on an open bidding basis, pending determination by OPA as to whether price ceilings will be raised.

OPA said it was approving adjustable prices, effective immediately, "to avoid interruption of supply," pending consideration of the industry's request for price adjustment.

The present ceiling on both domestic and imported newsprint is \$67 a ton. OPA has been asked to raise this by at least \$6.80 a ton to take into account revaluation of the Canadian dollar. Canada is the source of 80 per cent of this country's newsprint supply.

More sets of twins are born in Canada than in this country per million births, but more sets of triplets and quadruplets are born in the U. S.

The victim, Dorothy Lloyd, who recently completed her freshman year at the Emma Willard school for girls in New York City, waved to her parents, Mr. and Mrs. Alvin E. Lloyd, as the craft zoomed low over their property.

An instant later, witnesses said, a wing dipped and the plane crashed. Miss Lloyd was instantly killed.

She had been flying for about six months and held a student's license.

Her father, a Detroit caterer, moved his family to this Macomb county village last October.

ROAD PROJECT BIDS ANNOUNCED

Three Grading Jobs Go
To Bacco Company
Of Iron Mountain

Lansing, Aug. 8. (AP)—Low bidders were determined by the state highway department today on two trunkline projects and three county road jobs in the Upper Peninsula.

They are:
Seven miles of bituminous surface on the Kives-Limestone road, Eben Trenchy road, and Deerton road in Alger county, Ferris Company, Inc., Mason, \$18,397.

13.12 miles of grading, drainage and gravel surface on Presque Isle Park road in Gogebic county, Bacco Construction Co., Iron Mountain, \$95,185.

3.006 miles of grading and drainage on M-35, seven miles northeast of Menominee, Bacco Construction company, Iron Mountain, \$66,541.

6.72 miles of grading and drainage and gravel surface on county road from Stephenson, east to Little Cedar Creek in Menominee county, Bacco Construction company, Iron Mountain, \$68,354.

Bridge carrying U.S. 2 relocation over Little Black river in Wakefield, John K. Jackson, Ironwood, \$48,434.

Dive Bombers
And They're Birds

Sydney, Australia (AP)—Dive bombers are still active in inland Australia. The black buzzards — large hawks — drop stones from aloft on tough shelled emu eggs to break them.

The buzzards have been observed driving the brooding emu off the nest, then dive bombing the clutch with stone. When the shells are cracked the buzzards have been seen to insert a claw into the crevice and fly away with the egg.

MONEY GOING TO 15,000,000 ENLISTED MEN

(Continued from Page One)

of \$65 for single and \$90 for married men.

The measure puts the same \$175-200 ceilings on total subsistence received by students in college under the G. I. bill of rights. Disabled veterans training under the Vocational Rehabilitation Act are not affected.

The terminal pay bill, intended to equalize treatment of enlisted men and officers, who are paid cash for unused leave time upon separation from service, has been estimated to cost as much as \$2,700,000,000. Enlisted men and women who have served at any time since September 8, 1939, are eligible to be paid for accumulated unused furlough time up to 120 days.

The payments will be made in bonds, except for amounts of less than \$50 and odd amounts above multiples of \$25, which will be in cash. Cash also will be paid to estates of discharged men who have died.

The bonds may be used for payments of government life insurance premiums, but otherwise

cannot be cashed before they are due, five years after each payee's date of discharge.

Auto Accidents Cost 1½ Billion In 1945

By WILLIAM J. CONWAY
AP Newsfeature Writer

Chicago—The automobile cruised along a road that stretched like a smooth ribbon across the prairies of northern Illinois.

There were six young people in the car. But there was room for them to relax in the ample, one-year-old, two-door sedan. Three of them sat in the front seat, and three lounged in the rear seat.

All the occupants were named Brown. They were heading toward Chicago after attending a family reunion in the country. The pleasant peace of a hot, clear summer afternoon enveloped them.

They virtually had the road to themselves. Somebody turned on the radio, dialed in soft music. The needle on the speedometer wavered around the 65 mph line. Everybody leaned back, comfortable and contented, watching the flat farms slip past.

A Blow Out
Then—pop peeeessshh—the tire on the right front wheel blew out. The car twisted sharply to the right. It rammed into a concrete bridge abutment. The hood was hurled into the air. The nose crumpled. The steering wheel crashed through the windshield. The steering column buckled over against the instrument panel. The auto skidded and sidled to a stop athwart the road.

A strange hush settled upon the wreckage. It was relieved only by an incongruous melody from the radio. The six Browns didn't hear it. They were unconscious.

The driver lay with his feet in the car and his head and shoulders on the road. The three Browns who had been in the rear seat were draped, jackknife fashion, over the back of the front seat. The front seat passengers were hunched beneath them.

A farmer summoned a doctor and two ambulances. One of the victims died. The others remained in hospitals for periods ranging from a couple of days to four months.

Paying The Price
This much of the story you can read almost any day under the commonplace caption "One Killed, Five Hurt in Auto Smashup." It carries the details of the accident and the implications of pain and anguish. There is another part of the story—the economic cost—but it can't be told until the dead have been buried, the injured have recovered, and all the bills have been paid.

The total cost of this accident was \$9,910. The Browns, burrowing back through their records to the time of the accident in Aug. 1938, supplied the basic information, and it was tabulated by Alvan D. Bates, senior statistician of the National Safety Council.

The itemized accounting in each case follows:
Henry Brown, 23, an office worker who was driving had gashes in his scalp, on his left eye lid and arms. His hospital, medical and x-ray bills added up to \$115. The work he was unable to perform during his convalescence was valued at \$160.

Costs For Others
His sister, Donna, 25, a stenographer, had internal injuries. Her outlay for hospitalization, a physician, x-rays and private nurses was \$215. She also was out \$200 in potential earnings in the two and a half months she was unable to work.

Another sister, Lillian, 21, also a stenographer, fractured her right knee in seven places, broke her jaw and lost eight front teeth. She was hospitalized four months, but she fared comparatively well financially. She spent all but a short period in a state-owned hospital, and an operation was performed by a surgeon who was a friend of the family. There was no expense to her for either of these services. But her personal bills and losses still mounted to \$1,195. Included were initial hospital and medical fees of \$50; special treatments, \$60; dental bills, \$285; and a salary loss of \$800. The bill she didn't have to pay in the state-owned hospital—\$540—boosted the total in her case to \$1,735.

A brother, Michael, 27, an electrician, died shortly after the accident. His death ultimately resulted in a tangible loss of \$6,425. The ambulance charge was \$25. The expense of his funeral was \$200. In addition, his widow suffered the loss of his income before

she married again several years later—a loss of \$5,800.
The widow, Dianne, 23, a housewife, escaped with slight injuries. Her own hospital and medical care came to only \$50.

A cousin, Georgia, 19, a waitress, was shocked and bruised. She laid out \$75 for ambulance, hospital and medical charges, and lost \$125 in pay during the five weeks she was recuperating.

Taxpayers Paid, Too
The damage to the car—a total loss—amounted to \$810.

The Browns, in the final reckoning, didn't have to bear all these costs.

Lillian's stay in the state-owned hospital cost the taxpayers \$540. Insurance companies paid out \$1,560.

Henry's employer, who paid his wages of \$160 during the time he was off the job, was out that sum.

Family Loss of \$7,650

The net amount of the expenses and losses of the family was \$7,650. It was just another accident—but the total cost to all concerned was \$9,910.

And there was no litigation as a result of this accident as is the case in many crashes. The National Safety Council estimates that a conservative average cost of litigation in traffic accident cases is between \$3,000 and \$5,000 in addition to all other types of expense.

If you think these are surprising sums take a look at some staggering statistics from the National Safety Council:

"The aggregate loss because of motor vehicle accidents last year was \$1,450,000,000. This represents the loss resulting from 28,600 deaths, 1,000,000 injuries and millions of accidents in which there was only property damage."

**Robert W. Boyer
Accepts Position
At Panama Canal**

Robert W. Boyer is leaving this morning, enroute to Panama, where he has accepted the position of property and supply officer with the U. S. Engineers at Corozal, Canal Zone.

Mr. Boyer, who received his army discharge in May after two and one-half years service, has been visiting his parents, Mr. and Mrs. Joseph Boyer, 516 South 15th street.

Before entering the army, Mr. Boyer for two years held the position of administrative assistant of the Panama Division Engineers procurement offices, with headquarters in New Orleans, La., and Corozal, Panama.

After reporting to the Detroit office, he will go to West Palm Beach, Fla., where he will leave by plane for the Canal Zone. His wife, who has been spending part of the summer here, will visit with her parents in Houston, Texas, before joining her husband in Panama.

GUAM HERO KEEPS HIS PROMISE—Navy radioman George Tweed, who for nearly three years escaped capture by Japs on Guam while living like a hunted animal in the island's hills, promised to send an automobile to Antonio Artero, one of the heroic natives who befriended him. He recently kept the two-year-old promise. At left, above, Tweed, now a Navy lieutenant (j. g.), and H. S. Arner, of General Motors, stand on a San Francisco dock, watching a new Chevrolet, addressed to Antonio Artero, being loaded aboard a Guam-bound ship. Inset shows Tweed shortly after his rescue in 1944. (NEA Photo.)

Clerk Could Sell Brooklyn Bridge

Sturbridge, Mass. (AP)—The old Sturbridge village "Public House" unloaded a bag of sand on a tourist who thought he was buying freshly ground wheat flour.

"But it was all a mistake and we'll make good as soon as we hear from him," promised Joseph B. Hoyt, official of Sturbridge's

recently opened "living museum" and craft center.

Among 20 old structures that make up the early 19th century reconstructed village is a grist mill where visitors may buy flour ground before their eyes. The nearby "Public House" advertises the feature with sand-filled flour sacks and—

"A new clerk sold one of the dummies," Hoyt said.

Persons

Mrs. Violet Leveille and son Melvin of Newberry are spending a week here with Mrs. Leveille's aunt, Mrs. Ann Skarritt.

Mr. and Mrs. Howard Stauffer left Tuesday for their home in Detroit after spending a week here visiting relatives and calling on friends.

Mr. and Mrs. Chester Surline and daughter Candace and Mrs. Schable of Pottsville arrived here Friday to spend a few days with Mr. Surline's parents, Mr. and Mrs. George F. Surline.

John Washell, son of Mr. and Mrs. John Washell returned home this week after spending some time in Detroit where he was employed.

Club Meeting

The Community Club held its regular meeting at the home of Mrs. Clarence Nelson on Thursday afternoon.

Business was called to order by the president Sadie Saunders. Discussion on plans for the musical concert which was to be held Saturday evening followed. After the business cards were played with prizes being won by Mrs. Lafreniere, Mrs. Johnson and Mrs. Diller. At the close of the afternoon delicious refreshments were served by the hostess Mrs. Nelson. Next meeting will be on Aug. 15 at the home of Mrs. E. L. Diller. A picnic supper will be served at this meeting with the men invited.

Announcement was made by the Community Club that the Musical Concert which was held Saturday evening netted about \$46.00.

Mr. and Mrs. John Topkin and Mrs. Nolan of Marquette called on friends here Monday. They were accompanied here by David Tapkin, son of Mr. and Mrs. Tapkin who remained to spend a two weeks vacation with his uncle John Losey and other relatives.

Mr. and Mrs. Ernest Johnson and family of Clear Lake near Shingletown called at the M. Tovey home Tuesday.

Convicts Can't Go To College, Profs Go To The Prison

(AP) Newsfeatures

State College, Pa.—Professors of Pennsylvania State College are enthusiastic about a new phase of their work—teaching at nearby western Pennsylvania State Penitentiary.

"There's an amazing interest among the inmates, some of them serving life terms," said one professor.

Almost 100 penitentiary prisoners have enrolled in such courses as automotive engineering, welding, agricultural engineering and dairy husbandry.

Certificates are awarded at special "graduation exercises."

"The only difference between this commencement and others is that the 'graduates' stay behind," explained Dr. J. W. Claudy, prison superintendent.

One of the inmates fooled Dr. Claudy, however. Among the recent "graduates" was a prisoner who received a parole the same day as he was awarded his certificate.

"Some of my best students are inmates of the penitentiary," said William Renwick White, retired professor in charge of correspondence courses in agriculture.

The graduation exercises are real crowd-drawers. The prison band plays from the stage. Prof. Ralph U. Blasingame, head of the agricultural engineering department at Penn State, was the principal speaker at the last commencement exercises. Dr. Claudy

presents the certificates.
One of the recipients of a certificate was a 55-year-old man who in two years, brought his educational standard from 2.9 to 10.9 years.
"That's amazing for a man of his age," said Claudy.

EARS IN TONGUE

Snakes have no ears, but their tongues are equipped with auditory organs that enable them to amplify the slightest sound. They also use their tongues as "feelers" in the dark.

Whooping cough causes five times as many baby deaths under one year as diphtheria, scarlet fever, smallpox, infantile paralysis and measles combined.

Kenneth Bucklund Joins Fraternity

Houghton—Among nine Michigan Tech students to be initiated into Kappa Delta Psi fraternity Sunday is Kenneth Bucklund of 1310 Stephenson avenue, Escanaba. Formal induction ceremonies will take place in the faculty clubroom of the administration building and will be followed by a banquet for the new members. Bucklund is specializing in civil engineering at MCMT.

Other new members come from Rio de Janeiro, Brazil; Detroit, Highland Park, Houghton, Iron Mountain, Iron River, Menominee and Negaunee.

Diabolical Weapons

THE 2,500 mile flight of two unmanned B-17 bombers from Hilo, Hawaii to Murco air base, California, is another revelation of the terrible weapons of destruction that would be unleashed against civilization in the event of another world war. It constitutes a further reason why statesmen of the world must find some workable scheme that will guarantee the settlement of international disputes by peaceful means.

As Gen. W. L. Richardson, of the Army Air Forces, pointed out after the historic flight Wednesday, the surface has hardly been scratched in the development of guided missiles.

Load a squadron of large bombers, say B-29's or B-32's, guided by remote control, with a cargo of atomic bombs and you have the formula for devastation of any point on the globe that you may care to name. As it happens, the United States already has these weapons but the time cannot be distant when many other nations, including our potential enemies, also will have such diabolical weapons of destruction.

The entire world is frantically experimenting with new, cruel weapons of war. There is small room for consolation with our own successes in this field. Russian scientists, too, are known to have made startling discoveries with guided missiles and long range rockets.

Offensive warfare is so rapidly outstripping defensive countermeasures that the next war, if it comes, is bound to cause destruction on a scale never before imagined. Knowledge of this is a challenge and a responsibility to world statesmen.

Tough and Soft

WHILE the Suzanne Degnan slaying and other horrible crimes have been solved with the confession made by William Heirens, 17-year-old student, law enforcement authorities of Chicago have little reason to boast about it.

Heirens was caught by accident while he was attempting another of his long series of burglaries, some of which ended in murders. Before his capture, the Chicago police did a bungling job in the investigation of the crimes. A small town peace marshal could have done as well.

In their characteristic manner, the Chicago police arrested an aged janitor for the Degnan murder and submitted him to a brutal third degree questioning, accompanied by mistreatment from which he has not yet recovered. While they were tough on some suspects, Chicago's law enforcement officers, particularly the prosecuting attorney, have displayed softness toward Heirens. In order to obtain the confession, it appears a deal was made with defense attorneys to give Heirens a life sentence instead of the death penalty.

Heirens has killed at least three persons. There may be other murders he has not confessed. He is deserving of little mercy. The only valid argument for allowing him to live is that there may be the opportunity for psychiatrists to study him and learn more about his dual personality. Information gained from such observations might make possible the discovery of criminal tendencies in youth at an early age and by proper treatment prevent them from injuring or murdering their fellow beings.

Canned Fruit Aplenty

ONE bright spot in the nation's food picture is the Wall Street Journal report that California packers expect to break the all-time record for the production of canned peaches, pears, apricots and other fruits.

California is having bountiful fruit harvests, and labor and equipment are considered ample for the canneries. The state's pack of peaches is estimated to reach 15 million cases as compared to the 1942 record of 13.5 million in 1942. This year's supply is computed as being sufficient to provide every American with a dish of peaches every day for a month.

California's pear crop is below the 1945 record but a heavy harvest in Washington is expected to boost the pack on the West Coast to two million cases. Apricot production will approximate last year's high of eight million cases, which is about double the pre-war output.

An increased supply of canned fruit will be welcomed by housewives, who have been experiencing difficulties in getting enough sugar for the home canning of blueberries and fruits. The can opener will be a popular utensil next winter.

Cleanliness at Bars

AFTER a random inspection of a dozen Marquette taverns and bars, Dr. Charles Drury, Marquette health inspector, revealed that a beer drinker stood a two out of three chance that the place he selected for his liquid refreshments had adequately sterilized their glasses.

Eight of the 12 drinking places had solutions of chlorine of acceptable strength on hand and four did not. It's not a particularly good record, since the law re-

quires that all establishments properly sterilized their glasses.

Just how the situation is in Escanaba has not been indicated by any report from the local health department, but it's a safe bet that the percentage isn't any better. It may even be worse since the local health department is understaffed at the present time.

Adequate sterilization of glasses is extremely important at all times, but it is particularly so during the summer months when the danger of infectious diseases is so acute.

The present shortage of beer is no excuse for failure to keep drinking utensils properly sterilized. Drinkers will do well to insist that the bars that they patronize observe the sterilization laws.

Gyping GIs

THE Better Business Bureau reports there is a marked increase in the number of fraudulent schemes designed to gyp returning GIs out of their savings and bonuses.

One dishonest promoter mulcted \$2,000 from 14 veterans in six days as investments in a corporation. Another often-used scheme is to sell exclusive territorial rights to veterans, who soon learn that the product does not sell or the territory has been gone over several times by previous owners of rights.

With many veterans desperately looking for housing, gyp artists have been taking advantage of their plight by selling them shares in cooperative apartments. Other spurious gags are warmed over to attract easy money from former service men.

The Better Business Bureau, which has offices in all leading cities in the United States, is always willing to obtain information on new money-making schemes and also to advise veterans and the general public. Whenever one is in doubt about some investment proposition, it would be well to first contact the Better Business Bureau. Offers of jobs contingent on investment in an enterprise, in particular, are to be viewed with suspicion.

Other Editorial Comments

MR. McKEIGHAN
(Iron Mountain News)

William H. McKeighan, one time mayor of Flint, has the distinction, in which it may be assumed he is none too happy, of being one of the most indicted men in Michigan. He stood trial twice in Federal court, with Frank McKay et al, under charges of corruption in the conduct of the liquor business of the state. Following the second trial, he, along with the other defendants, was acquitted. He was later indicted with McKay and others by the one man grand jury, who was the present Justice Carr, with Mr. Sigler acting as prosecutor. Again he was acquitted, with McKay et al.

Now he is caught up in the grand jury net spread by Judge Dehnke in Macomb county. He is under charge, and will be tried for, conspiracy to violate the gambling laws and for conspiracy to obstruct justice. With him are named six men charged with co-conspiracy, but who are not to be arraigned as co-defendants. From this number the state expects to secure, it may be assumed, weighty evidence showing that Mr. McKeighan and others indicted with him are guilty.

In other and happier days Mr. McKeighan was known in the state as one of the Republican bosses who shared control of the party with Eddie Barnard, Detroit, and Mr. McKay, Grand Rapids. He was at one time a candidate for the Republican nomination for governor. During the years before he was hailed into court he was a considerable political power in the state.

He fell on evil political days along with Mr. McKay. Like the latter, for a considerable time he has been, as has been fitting, on the outside looking in.

PASS THE POTATO, PLEASE
(Christian Science Monitor)

Glorifying the potato has become an annual custom in Maine. This year was no exception. The lowly spud is now displaying the very latest in millinery, a floral crown that the most fastidious woman would accept for her summer headpiece. This in proper observance of Aroostook County's Potato Blossom Festival. To add glamour to the event a Potato Queen was selected, and picking, rolling, and paring contests stirred the competitive element.

Maine potatoes are known far and wide, even as far as Idaho. They have been great travelers, and are now engaged in promoting an even closer acquaintance with the housewives of America by appearing in various new and appetizing forms.

As an emblem of democracy the potato has no superior. When its eyes are raised to the good housewife, as she poises to remove its overcoat before preparing it for the coming meal, one's thoughts turn to tables all over the world that give the potato first place among the scores of vegetables that are helping to sustain humanity. Whether the Maine or Idaho variety is best suited to this task is a question which no third party should attempt to decide. Only in Maine and Idaho is the answer known—and may the best publicity win.

Take My Word For it . . . Frank Colby

A POINT OF USAGE

W. W., of Asheville, submits a question which many other readers have sent to me: "An announcer, following a newscast says, 'Your reporter has been John Doe.' Is it correct to use the present perfect tense in this manner?"

Answer: The construction, which grammarians call "present perfect tense," represents action which began sometime in the past, and which has been completed at or has been continued to the present

World Events Analyzed

BY MARQUIS CHILDS

Washington—Although this is the mid-summer lull when, traditionally, Washington is expected to shut down until the return of another congress, the anti-trust division of the department of justice has been extremely active in recent weeks. Anti-trust suits have been filed against radio condenser companies, companies making mimeograph machines, a group of optical firms, roller-bearing companies, a group of taxicab companies in Chicago, and manufacturers of patented buttons and fasteners.

Childs

Assistant Attorney General Wendell Berge, head of the anti-trust division, is a conscientious public servant who believes the anti-trust laws should be enforced, no matter who is hurt. In a book called "economic freedom for the west," published recently by the University of Nebraska, Berge outlines his views on now enforcement of the anti-trust laws would help to bring new and independent industry to the western states.

—POLITICAL FUR FLIES—

At times, however, anti-trust action touches high policy and high policy makers, and then the political fur flies. That happened not long ago as the result of a grand jury inquiry into savings banks and the mortgage companies in New York City.

The banks were alleged to have conspired to fix the interest rate on loans in order to eliminate any uncouth competition. James C. Wilson, head of the anti-trust office in New York, and Lee Loevinger, a special attorney in the same office, were aiming at criminal indictments.

When word of this got out among the banking fraternity in New York, it caused tremors that were soon reflected on political seismographs in Washington. An official of one of the banks called Commodore James J. Vardaman, Jr., who had just been appointed to the board of governors of the federal reserve system.

Vardaman promptly called officials of the treasury and the federal deposit insurance corporation. He makes no secret of his action. He acted, he says, in order to permit interested federal officials to present their opinions to the grand jury. Vardaman feared that criminal indictments might frighten depositors of the banks, especially depositors of foreign birth who might misunderstand the meaning of the action.

Loevinger, it happened, had served under Cardman during the war. When he and Wilson came to Washington to get a final okay on their plan of action, he talked with Vardaman, who explained his objections to the move.

—BERLE OPPOSED MOVE—

By an interesting coincidence, attorney for the banks is Adolf A. Berle, Jr., one-time New Dealer, whose last position under President Truman was as Ambassador to Brazil. Berle came to Washington to argue with justice department officials that he had been delegated by the late President Roosevelt, after the bank holiday of 1933, to help the New York banks reach agreement on ways and means of preserving their stability. Now, for doing just that, Berle argued, the government was about to prosecute them as criminals.

About this time, word of the controversy over the suit leaked to certain newspapers. Headlines reported "Wall Street Interference." At this, Attorney General Tom C. Clark hit the ceiling.

Clark regards the anti-trust division in much the same way as a nervous hen would feel about a duckling under her care. He tends to back Berge's decisions, but what he considered the over-zealousness of some of Berge's assistants makes him distinctly uneasy.

Grand jury action in the savings bank case was temporarily suspended. If any action is ultimately taken, it will probably be on the civil side, with the bankers coming in and promising to refrain from anything resembling anti-trust violation.

Anti-trust action often packs political dynamite. Western senators were vitally interested in the disposition of the Geneva, Utah, Steel plant operated during the war by the United States Steel Co. They knew that Berge was strongly opposed to permitting "Big Steel" to buy this plant. In fact, he seriously considered resigning when Clark ruled that sale to U. S. Steel would not violate the anti-trust laws.

That was not the way Berge proposed to find "Economic Freedom for the West." But he is staying at his post, fighting for what he believes to be the intent of the laws on the statute books.

moment, as, He has been speaking for thirty minutes; I have always saved my money; she has written to me for years; I have come to the end of my lecture.

Hence, "Your reporter has been John Doe" is not actually ungrammatical. As a matter of fact, the grammar is above reproach. However, in logic it is weak, and in suggestion it is disturbing. Such a statement seems to say: "Your reporter at John Doe, and he will continue to be John Doe until he stops speaking. Then, he will not be John Doe."

"Your reporter has been John Doe" gets the cart before the horse. It is not your reporter. And he will go on being John Doe to the end of his days, whether he ever appears on another newscast or not.

Therefore, both logic and grammar will be entirely satisfied with either of these wordings:

1. John Doe has been your reporter.
2. Your reporter is John Doe.

I prefer form number two.

(I cannot explain what "perfect means in the terms "present perfect tense, past perfect tense, pluperfect tense." It is simply another example of grammatical jargon which leaves us marooned on an island of confusion in a sea of incomprehensibility.)

The Ugly Shadow

Good Morning!

By The Bugler

INTERLOCHEN, MICH.—There is a world famous national music camp in Michigan. It is at Interlochen (between two lakes) in the northern part of the Southern Peninsula, and the national music camp is now in its 19th consecutive season.

Gathered there during the season are more than one thousand persons whose chief interest is music and the allied arts. Attending the camp for two weeks of the season were four outstanding music students of the Upper Peninsula, members of the 1946 all-state orchestra. Three are violin players—Joan Frasher, daughter of Mr. and Mrs. Cliff Frasher of 209 South 16th street, Escanaba, Dorothy Khoury of Iron Mountain and Donna Amidon of Newberry—and Norma Jean Graefe of Iron Mountain who plays the clarinet. They returned to their homes early this week.

FRIENDS AND ENEMIES — Founder and director of Interlochen is Dr. Joseph E. Maddy of the University of Michigan faculty, and a friend of young musicians everywhere.

Enemy of Interlochen is James C. Petrillo, president of the AFL American Federation of Musicians. Like the big bad wolf, Petrillo has huffed and puffed for a number of years in an effort to blow the young musicians (he calls them "unfair" competition to the union) out of the musical picture. Most sensational of Petrillo's huffy-puffs was back in 1942 when NBC broadcasts from Interlochen were taken from the air after 12 years because the students were non-union.

The feud is by no means stilled. Congressional action has clipped some of Petrillo's wing feathers—and the union retaliates with further "bans" against Dr. Maddy. As recently as last spring at Munising, Dr. Maddy's scheduled direction of the high school orchestra on a visit there was cancelled because of union interference.

Dr. Maddy, you see, is a man who places music first. Because of this he was expelled from the union, and cannot have union members on his faculty.

HAPPY WARRIOR — Banned but unbowed, Dr. Maddy has made this season at Interlochen the most outstandingly successful in its history. This has been done without the assistance of union music instructors, which should cause Petrillo at least a few moments of concern for the future.

STUDENTS' REUNION — It was at Interlochen that a present and a former student of Frank Karas, Escanaba music teacher, met to extoll the capabilities of their teacher.

The former student is Mrs. Frederick W. Westphal of Denton, Texas, the former Miss Linda Cunningham of Escanaba. The other student was Miss Joan Frasher, one of the four girls on the all-state orchestra from the Upper Peninsula. Mr. and Mrs. Cliff Frasher also met Mrs. Westphal and her husband, who is assistant clarinet instructor at Interlochen. Mr. Westphal is professor of instrumental music at Texas State College for Women at Denton, will receive a year's leave of absence starting this fall to attend Eastman College of Music at Rochester, N. Y., where he will study for his doctor of music

INTO THE PAST

10 Years Ago—1936

Manistique—Mr. and Mrs. Chester Elliott are the parents of a son, Charles Theodore, born Tuesday at their home on North Houghton avenue.

Munising—Reports to conservation officials here tonight indicated that the village of Melstrand in the Hiawatha National forest about 13 miles east of Munising, had been abandoned in the path of flames advancing on a six-mile front. Another forest fire burning on a five-mile front northwest of Shingleton was said to be advancing on a group of 100 CCC workers.

Mr. and Mrs. Wilfred King of Gladstone are the parents of a son, born Saturday at St. Francis hospital.

Mr. and Mrs. Edmund Cormier, 1516 North 23rd street, announce the marriage of their daughter, Dolly, to Roy DeLisle, son of Mr. and Mrs. A. J. DeLisle, 823 Second avenue south.

20 Years Ago—1926

Manistique—A son was born on Thursday to Mr. and Mrs. Robert Foye, at the Albert Foye home, 215 Pearl street. The baby has been named Jackie Hubert.

J. Gunnar Back of this city has accepted a position as principal of the Perkins school for the coming year, it was announced yesterday. Herbert J. Rushton, Escanaba attorney, has gone to Indianapolis, Ind., where he will represent several Escanaba firms that hold ties to the Union Traction company, now in the hands of receivers.

Bernie Moses, 18, was killed instantly early Sunday morning when he drove his motorcycle into an automobile driven by Edward Harkins Jr. of Escanaba.

UPWARD IN MUSIC — When the then Linda Cunningham was an Escanaba high school student Karas recognized her talent. Assisting her with his teaching, Karas had the satisfaction of seeing the girl offered a scholarship at Northern Michigan College of Education at Marquette because of her musical ability. In 1941 as a senior at the college she was concert master of the college orchestra.

It was also that year that she won a place on the All American College Orchestra at the National Music Camp at Interlochen, and played with the orchestra not only at the camp but in concerts at Mackinac Island and Traverse City.

ROMANCE AND MARRIAGE — And it was at Interlochen that Linda Cunningham met Frederick Westphal, the man she married. Greeting the young couple after their marriage, Frank Karas wished them well.

"If it had not been for me," he told his former violin student, "you might never have gone on with your playing. And if you had not played the violin you would not have gone to Interlochen. And if you had not been at Interlochen you would not now have this good-looking husband."

THE OTHER ARTS — Interlochen's program in addition to music in all its branches includes training in radio, dramatics, script writing, art, dance, crafts, photo-

The Washington Merry-Go-Round

BY DREW PEARSON

Paris—(By Wireless) — Perhaps it has ceased to be news but, even so, it can't be emphasized too often that this so-called peace conference is actually a choosing up of sides for another war unless something vital and electrifying in the way of diplomacy steps in to prevent it.

Events are moving with terrific speed while this conference moves with humdrum slowness.

In the Russians zone of Germany, twelve factories are pouring out munitions for the Red army. In Czechoslovakia, \$400,000,000 have been appropriated for munitions—all of a standard type, interchangeable with either the Czech or the Red army. Yugoslavia and Poland also are pouring out standardized Russian arms.

Meanwhile, this peace conference talks sonorously, piously of procedure and precedents. Meanwhile, also, the sides are chosen—the line-up, unless heroic measures head it off—for the next war.

The line-up of Russian satellites never varies. In all the conference voting, from San Francisco through the United Nations assembly in New York to Paris today, Russia's stooges only once voted against their masters in the Kremlin. That was when Belo-Russia got its signals crossed. Russia can be absolutely sure of the following votes on every rollcall, come hell or high water: Belorussia, the Ukraine, Poland, Yugoslavia and Czechoslovakia. Sometimes also Russia swings the vote of defenseless Norway, worried sick over its easy striking distance from the Red army.

The line-up on the other side varies. It is significant that the British dominions frequently desert England. This proves there's real democracy in the British empire. Australia and New Zealand votes more than half the time against England; Canada about fifty-fifty. South Africa and India are frequently aligned with England, though not always.

The most forthright leaders of the anti-Soviet bloc are Australia, the Netherlands, Brazil and Belgium.

NOTE—The most pathetic satellite in the Soviet line-up is Jan Masaryk of Czechoslovakia, now nicknamed "The Prisoner of Zenda." Son of old President Thomas Masaryk, who founded the Czechoslovak Republic in Pittsburgh in 1918 under the Godfatherhood of Woodrow Wilson, Jan Masaryk's sympathies are all with the United States and Britain. But with his country solidly surrounded by Russia, he votes consistently with the Russian bloc.

—LA GUARDIA ACCUSED OF SNOOPING—

It isn't being advertised but Lieut. Gen. Sir John Harding, commander of Allied forces in Venezia Giulia, has sent a hot cable to the White House and the British foreign office against dynamic ex-Mayor La Guardia of New York, accusing the fiery Fiorello of snooping in Trieste. General Harding demanded that the White House and the British crack down on La Guardia and prevent him from slandering the American and British troops in Trieste. In fact, General Harding even threatened his resignation unless he got full support. As a result the British, which have some jurisdiction over La Guardia because UNRRA is international, sent New York's former Mayor an appeal to pipe down.

Apparently it did no good, however. It was after receiving the London appeal that Fiorello boasted that 25 good New York cops could clean up the thieving in Trieste. La Guardia previously had demanded that the Anglo-American troops in Trieste prevent the wholesale disappearance of UNRRA supplies.

NOTE—During the war, F. D. R. promised La Guardia a commission as brigadier general and the job of helping to govern Italy but the army brass hats blocked it. Apparently they figured they could never handle the ferocious little flower. British generals now think their American colleagues were right.

—BAR RUSSIA FROM BULGAR COMMISSION—

Russia never declared war on Bulgaria until the war was over. Thus, by her own rule, she could be barred from sitting on the Bulgarian treaty commission. What happened was, after Bulgaria surrendered to the United States and Great Britain, Russia found she was still at peace with Bulgaria. She had boasted to the world of her friendship with Bulgaria but despite this, with the war over, she belatedly declared war solely to have an excuse for dictating the Bulgarian peace treaty today. If the American delegation wanted to be as disagreeable as Molotov, it could raise Cain with the Russians' right to sit on the Bulgarian commission. But the Americans remain polite and sportsmanlike while the Russians yell to rattle the pitcher and argue with the umpire over every play in the game.

NOTE—It may be that Jimmie Byrd, gentlemanly sportsmanhood will win out in the end, but unfortunately the smaller nations—who had looked to the United States as their great champion—fear we may lose the game on strikes and unfair decisions before we have time to score any runs.

The modern girl puts a man through the asset test before she'll marry him.

The cry of husbands who pay for perma-manicures: long live the kink!

What you hear in a small town makes up for what you don't see.

Moths can't swim—but we've certainly seen a lot of them in bathing suits.

A Harvard scientist has discovered that the crawfish has an eye in its tail. Traffic of modern days has brought about a lot of strange developments.

In New York, bubble gum has jumped from a penny to 5 cents a stick. Now kids will go bust twice as fast.

—Clint Dunathan.

Obituary

CHRIST J. JOHNSON

Funeral services for Christ J. Johnson will be held at the Anderson funeral home two o'clock this afternoon, with Rev. L. R. Lund officiating. Burial will be in Lakeview cemetery.

MRS. PHILIP PLANTE

The body of Mrs. Philip Plante, 75, will be taken from the Allo funeral home to the family residence in Garden this afternoon. Funeral services will be held nine o'clock Saturday morning at St. John the Baptist church, with Rev. Fr. William Pelletier officiating. Burial will be in the new Garden cemetery.

MRS. EINAR MARTTINSEN

Funeral services for Mrs. Einar Martinsen were held yesterday morning at the Boyle funeral home in Bark River and at St. Francis Xavier church in Spalding with the Rev. Fr. F. A. Seifert officiating at the requiem high mass.

At the offertory "Mother of Mercy" was sung by Mr. and Mrs. Peter Kass, who also sang "On This Day O Beautiful Mother" as the body was taken from the church. The accompaniment was played by Miss Theresa Hupy.

Pallbearers were Lester Lauscher, Ernest Lawrence and Edward Murray, Earl Dubois and R. A. LaLonde.

Relatives from out of the city attending the services were Mr. and Mrs. Edward Murray of Schaffer, Mr. and Mrs. Joseph Murray and Mr. and Mrs. James Neilsen of Cleveland; Sister M. Stebalia of Chicago; Mr. and Mrs. Waino Oikanen, Mr. and Mrs. Raymond Murray and family of Iron Mountain; Mr. and Mrs. John Sharkey of Iron Mountain; Mr. and Mrs. William Bader and family of Daggett; and Mr. and Mrs. William Viaw of Escanaba.

Burial was made in the family lot in the Spalding cemetery.

Levi LaCoursiere, Hermansville, Dies

Hermansville, Mich.—Levi LaCoursiere, 65 died on Monday morning at his home in Hermansville after an illness of four years.

Born July 11, 1881 in Oconto, Wis., he leaves his widow, five sons, James, Leo, Lawrence, Delore, Matt and Leonard, of Hermansville, and four daughters, Mrs. Ben Richel, Abrams, Mrs. Anton Casanova, Milwaukee, Mrs. Ed Johnson and Mrs. Ernest Ayotte of Hermansville. There are two brothers, Eugene and Edward LaCoursiere, Hermansville and two sisters, Mrs. Edward Landre, of Racine and Mrs. Henry Racete, Iron Mountain. He also leaves 18 grandchildren.

He was a resident of Hermansville for 38 years and a member of the Modern Woodman of America.

Personals

Mr. and Mrs. Frank Hood of Stephenson and Miss Pearl Hood and Michael Winchell of Waukegan, Ill. were callers at the Clem Decamp home on Tuesday.

Miss Stella Donovan of Menominee visited with friends here on Wednesday.

Mr. and Mrs. Harlan Schroeder of Chicago are visiting at the home of Mr. and Mrs. Frank Jezewski.

WATTS AT IRONWOOD

Ironwood—Accelerated cutting of timber from national forests during the war period does not represent a harvest in excess of growth, but is due to a speeding up of timber stand improvement in accordance with good forestry practice.

This was made clear here this week by Lyle Watts, Washington, D. C., chief forester of the United States, when he visited Ironwood on a trip through national forests of this area, accompanied by C. M. Granger, assistant chief forester.

FLODIN HEADS C-C

Iron Mountain—F. A. Flodin, president of the Lake Shore Engineering company, and who, in the recent election of directors for the Iron Mountain-Kingsford Chamber of Commerce, was accorded 149 votes—the highest given any new director in the history of the organization—was named president of the chamber by the directors, meeting last night.

Flodin, as president, succeeds Mario Fontana. Other officers elected are Frank O. Moretti, vice-president, succeeding Russell Kessler and Don Smith, to his 11th consecutive year as secretary-treasurer.

Men, women and children fitted. If you wish to buy—prices are SINGLE TRUSS — \$12.50 DOUBLE TRUSS — \$17.50 (CLIP THIS AD NOW)

Inventor's Career Was Sparked By Hay Fever

In 1938, Hazen E. Atherton, high school English teacher and director of adult education in Monroe, Mich., decided he had had enough of watching his daughter suffer the torments of hay fever and asthma.

Physicians had been able to do little about the allergies that plagued seven-year old Alice Atherton. So Atherton, one-time teacher of English in the Gladstone public schools and husband of the former Madella Cholette of Escanaba, built an air-conditioned, inclosed bed for Alice. He was able to change the air completely in the inclosure every three minutes. Alice slept nights, improved steadily and eventually was cured.

That bed was the beginning of a succession of "gadgets" that culminated in a new sextant which the Navy has patented and which, it is believed, marks a major advance in celestial navigation for airmen.

In Room 101 of the Social Science hall at the University of Washington, Seattle, where the former lieutenant commander heads the University Guidance Center of the Veterans Administration, Atherton, the teacher, related to a Seattle Times reporter

HAZEN E. ATHERTON

how he became Atherton the "doer." "At Dallas, Texas, my first sta-

tion after joining the Navy in 1942, I told them my specialty was engines and ignition," Atherton said. "There was much sad shaking of heads and then I was asked what I knew about navigation. It was little enough, but I was a navigation instructor from there in."

Later, at Whidby Island, Atherton taught how to "shoot the stars"—how to navigate by celestial bodies. He became interested in "Loran" navigation, navigation by electronics. About that time his new sextant began to take shape in his mind.

"I wanted something for those pilots that would guide them to their destination when there was a power failure, when electronics was useless. Something simple and manual, that could be worked with dials, without elaborate mathematical calculations and the consequent change of gross error."

His improved sextant, designed to be carried in a container tube the size of a dinner pill, was the result.

The sextant recently went into production, and Mr. Atherton has been since promoted to head of veterans guidance for the state of Washington.

Mrs. Atherton is the daughter of Mr. and Mrs. J. B. Cholette of Escanaba.

The highly-explosive compound, guncotton, is made by treating cotton with sulphuric and nitric acids.

Immanuel Church Will Hold V-Day Service Sunday

A special service in commemoration of "V-J Day" will be held at the Immanuel Lutheran church, Escanaba, Sunday morning at 10 o'clock.

Following will be the order of service: Organ, prelude—Betty Erickson; Congregational hymn—"Come, Thou Almighty King"; Confession of Sin; The Congregation sings: "Kyrie"; Collect and Scripture lesson, Eph. 6:10-20.

The Congregation sings "God be Praised"; Confession of Faith; The Congregation sings: "Gloria Patri"; Vocal solo—"Savior, Like a Shepherd Lead Us" by Mohr—Mrs. Wallace Olson; Reading of the Honor Roll by E. G. Kallio; Prayer the Pastor; Response—"O God, Our Help in Ages Past"—Mrs. Wallace Olson; Announcements and Offertory; Congregation hymn—"A Mighty Fortress Is Our God".

Sermon theme: "Victory Won—Battles Ahead"—Rev. L. R. Lund; Congregational hymn—"America"; The Lord's Prayer and benediction; The Three-fold Amen, Silent prayer; Postlude.

Men and women who have served in the U. S. armed forces are specially invited.

The osprey has a wingspread of six feet, and a body weighing less than three pounds.

Hawaiian Pigeons Bring Good News Of Tuna Catches

Honolulu, Hawaii—The Hawaiian Tuna Packers Co. is interested in tuna—and pigeons.

Not that you're likely to open a can marked "tuna" and find breast pigeons inside instead, but since last summer fishing operations around the Hawaiian Islands have been expedited by carrier pigeons.

"We depend upon the birds to bring in the word. With advance

notice of the catch, we can expedite the handling," say officials of the company.

A cage of three pigeons is put aboard each vessel starting out for the fishing banks. District Engineer Max H. Carson of the U. S. Geological Survey, racing secretary of the Honolulu Racing Pig-

eons Association, with 75 pigeons in his string, arranges things that the birds want to come in. "They don't fly so efficiently a full crop," he explained. "A water bowl in the cage is clean and full but the birds fed sparingly. They will fly from a tuna boat 200 miles away."

With his suit . . . a brand new man-tailored shirt! Solids, stripes, checks. Sanforized cotton. 4 to 10. **1.71**

Montgomery Ward

NOVELTY TESTS
BEING PLANNED

Greased Pig And Pole,
Tug Of War Events
On V-J Program

Climb the greased pole and win \$25—catch the greased pig and win the pork chops—lose the tug of war over water and get wet—these are the events of the V-J Day amusement program scheduled Wednesday afternoon, Aug. 14, at Ludington Park in Escanaba.

Following a morning devoted to special services in Escanaba churches, the afternoon program will get underway at 2:30 o'clock with what promises to be the largest parade ever assembled in the city. At 3:30 o'clock at the park the Rev. James G. Ward will deliver the address of the day.

The amusement program, of contests and other novelty events will start at 4 o'clock with a series of competitive games for children. Cash prizes as well as medals will be awarded the winners.

The greased pole climb will net the winner \$25. The chase for the slippery pig will take place in an enclosure and the contestants are limited to World War II veterans. Following the greased pig event there will be a tug of war over a water hazard with the winners keeping dry and the losers getting drenched.

At 7 o'clock there will be the last of the novelty events of the day—an All-star softball game in which orthodox playing rules will be tossed to the winds. This contest will be played at Ludington Park diamond.

Other events of the evening include a band concert, a display of fireworks, street dancing, and a feature softball game at the lighted field.

McNabb Hearing Is
Scheduled Aug. 16

Judge George W. Desjardins of Lapeer county has informed the Delta county clerk that the hearing in the case of Marcus McNabb vs. the Delta county board of supervisors will be scheduled for Escanaba at 10 a. m. Aug. 16 if that date is agreeable. The hearing is to review the removal of McNabb as a member of the Delta county road commission by the county board last spring.

The clerk's office has been informed by Prosecutor J. Clyde McGonigle that the date Aug. 16 is satisfactory. Atty. Herbert J. Rushton, counsel for McNabb, is out of the city but was reported as returning next week before the hearing date.

Rapid River

Martin-Viau Nuptials
Rapid River, Mich.—St. Charles church in Rapid River was the scene of a pretty wedding on Saturday, Aug. 3, when Miss Ruth E. Martin, daughter of Mr. and Mrs. George Henry Martin, became the bride of Benjamin Viau, son of Napoleon Viau. The Rev. Thomas Anderson read the marriage vows before an altar decorated with tapers and fresh cut flowers.

The bride was attended by Miss Jean Pastore of Detroit, and Mrs. Delbert Mosier. Robert Martin and Orval Turan attended the bridegroom.

The bride wore a gown of white satin, styled with a basque bodice which buttoned down the back, and a peplum. The full gathered skirt of chiffon extended in a train. Her finger-tip veil, edged with lace, was held in place by a beaded tiara, and she carried an arm bouquet of white lilies and baby breath.

Miss Pastore, maid of honor, wore a blue gown of silk net over satin, and a matching veil. Roses and gladioli formed her bouquet. Mrs. Mosier wore a similar gown of shell pink, with a matching veil, and carried roses and gladioli.

Following the ceremony, a wedding breakfast was served to immediate relatives and close friends at the home of the bride's parents.

The bride is a graduate of Perkins high school, and has been employed in Detroit. The bridegroom was graduated from Rapid River high school. The couple will reside in Rapid River, where Mr. Viau is employed.

Married At Lansing

Now touring the Upper Peninsula on their honeymoon are Mr. and Mrs. Oliver Evans, whose marriage took place on July 31 in Lansing, at the rectory of the Church of the Resurrection.

Mrs. Evans is the former Patricia Boudah, daughter of Mr. Napoleon Boudah of Rapid River. Mr. Evan's home is in Chicago.

The couple exchanged vows before Rev. Fr. Joseph Koehnrecht, Miss Helen Bonamer of Escanaba

was the bride's attendant, and Andrew Mihelich of Calumet served as best man.

The bride, a graduate of Rapid River high school, has been employed in Lansing for the past several years. The couple will reside at the Hillcrest Apartments in East Lansing. Mr. and Mrs. Evans visited at Mackinac Island enroute to Rapid River, and will tour the Copper Country before returning to Lansing.

Lions Committee
Chairmen Picked
By Club President

ALASKA GROWS LARGE BERRIES

Strawberries As Big As
Silver Dollar, Says
Phil Rich

By PHIL RICH

Hyder, Alaska—"When a grizzly bear comes up and looks into your window, boy—it scares the H— out of you. And when he puts his feet up and peers in the window and then ambles about the place and down Main street, you'd like to kill the bear."

At least that's what Mrs. Casey Williams said today. It seems they just came out here about six weeks ago from Ketchikan. The day the bear showed up, Casey was away. But the old timers who saw the bear said he wasn't hurting anything. They substantiated Mrs. Williams' story and said you can see bear here most anytime.

Tonight Hodg confirmed it, too. While out picking a pair of cranberries on the main drag, a bear crossed the road near him. So they do have bear in Hyder—both black and grizzly.

We picked a mess of salmon and thimble berries along the street. Elderberries hang in great clusters of brilliant red. Wild flowers add beauty to this spot as do fireweed in a purplish hue, and also a sort of giant buttercup. High-bush huckleberries are thick and ripe.

Big Strawberries
Frank Fisher brings us the last bearing of his crop of strawberries. They are huge and some are as large as a silver dollar. We saw a garden with peas eight feet high and stalks three-eighths of an inch thick five feet up the vine and pods five to six inches long. Also beets, lettuce, onions, carrots potatoes in blossom, cabbage—all growing in rich black soil.

Tides up this canal rise 22 feet. The water at the upper end looks pale, milky green. In this region they tell us they have two to 11 feet of snow on the level and back in the mountains 13 miles they have 65 to 75 feet on the level.

At Canadian Border
The Canadian border is right in the heart of Hyder's main drag. You can look up 6,000 feet across the inlet and see Silverado glacier. Or if you want a better view, 90 feet down the road to Stewart, British Columbia—a couple of miles—and here you have a grandstand seat for viewing a blue and beautiful glacier—two heads of it stick through the mountain passes and peer down from solid treeless rock and snow-capped peaks.

There's no formality at the border here. Immigration and customs officers but no fuss and few questions if any. We stroll from the Alaskan to the British Columbia side at will and even forget to report—but the skipper upon arrival told the inspector he had a government boat. The rickety bus leaves "anytime" on order between towns for 50c.

I had hoped for pictures of a big mining corporation but chances are slim—the Canadian boys are on strike for 40 hours and

Nahma

Church Services
Nahma, Mich.—St. Andrew's Catholic church, Aug. 11, Mass at 8:00.

Personals
Mrs. C. F. Shafer and son Paul left last Friday for Detroit to join Mr. Shafer and make their future home in that city. Their household furniture was moved by Mr. Newberry who was accompanied by Mrs. Newberry and their daughter Laurel.

Mr. and Mrs. William Schafer and family of Detroit arrived last week end and are staying at the Joe Schafer home.

Mrs. Art Bedard of Detroit is visiting at the home of Mr. and Mrs. Eli Bedard.

Mr. and Mrs. Amos Kleindenst, Mrs. Anna Kent and Arlee Duby all of Detroit arrived last Sunday and are vacationing at Pete LeClair's cabin north of Nahma.

Corinne Bernier returned last week end from Timber Trail Girl Scout camp where she had been the past two weeks.

Earl Cousineau left last week for Detroit where he planned to visit with relatives for a week before leaving for the East. While touring the East, Mr. Cousineau plans on visiting Baltimore, Md.

Carolyn Sefcik is visiting with her grandparents, Mr. and Mrs.

"American pay." But today there is a big picnic and shindig at the mine 11 miles up the valley.

Mike Pavolo in Hermansville this week.

Altar Society

Nahma, Mich.—The ladies of the Altar Society met at the club house last Tuesday. Mrs. Henry Giroux served as the hostess. A social hour followed the business meeting. First high 1,500 was won by Mrs. Jack Schwartz Sr. and second high by Mrs. Al Hescott. Mrs. Joe Pilon will be the hostess at the September meeting.

Kaiser And Frazer Automobiles Visit Here On Test Run

Escanaba's got their first glimpse of the new Kaiser-Frazer cars, newest entry into the automotive field, when a Kaiser special and a Frazer visited the Autoway, on the end of a 8,000 mile road test run.

The two cars have completed almost 7,500 miles of a road test from Detroit to the west coast and are now on their way back to the home plant at Willow Run, Mich., where their cross country jaunt started about three weeks ago.

All testing on the trip is under the direction of William Triebler, an engineer for the company. He was accompanied by mechanics and drivers who checked both cars' ability to sustain high speeds under difficult motoring conditions.

The cars left Escanaba late yesterday afternoon.
Con Becker, local manager of the Autoway, reported many visitors while the cars were in town.

Settlement Made In Saigh Lawsuit

Iron River—Settlement out of court has been made in the case of Eugene Francis Saigh, Iron River, University of Alabama student, who brought action against his brother, Fred M. Saigh Jr., proprietor of Saigh's Cocktail lounge, for a share of the estate left by their father, the late Fred M. Saigh.

Although the litigants declined to discuss the terms, it was learned that the defendant purchased Eugene's share of the business and building 314 W. Genesee. Settlement was made with the assistance of Judge Joseph A. Moynihan, Detroit, who presided at the last term of circuit court in Iron

Mountain, in the absence of Judge Bell.

Co-defendants with Fred Saigh were his mother, Mrs. Edith Saigh Jepson, Escanaba, and John F. Lyle, veteran justice of the peace, who was Eugene's guardian until he attained the age of 21.

In the bill of complaint Eugene sought a share in the business and money which he alleged was due him from his father's estate. He charged that he had been given nothing since he entered service—he was an ETO veteran—and was told upon being discharged that he had no interest in the cocktail lounge. He then began suit.

The telephone instrument represents only six percent of all the plant and equipment needed to provide a customer with telephone service.

Toasties

new TENDER-CRISP FLAKES

Your favorite Post Toasties are now Post's CORN TOASTIES. But it's more than just a new name. Much more! We've found a way to make corn flakes better than they ever were before. They're Tender-Crisp! Just try a bowlful of Post's CORN TOASTIES. They've got a tempting new texture. A tender crispness you never dreamed was possible. A delicate new flavor to tempt the whole family. That's how they taste—fresh from the toasting ovens in Battle Creek. And that's the way you get them—fresh!

new FRESH PROTECTOR PACKAGE

Out of wartime packaging experience comes the FreshProtector package—exclusively Post's! Now for the first time—the corn flakes you pour in the bowl taste so fresh and crisp you'd think they just popped out of the toasting ovens! We have made CORN TOASTIES better and we have found a way to protect them better. Every crinkle of new goodness is there when you open the package. Here's whole-grain nourishment for a "Good morning" that's really GOOD! Ask your grocer for Post's CORN TOASTIES!

Jim Tonkin, 908 South 14th street, has returned from a visit in Chicago, Ill.

Mr. and Mrs. Paul R. LaPorte, 330 South 10th street, have returned from Duluth, Minn., where they visited for four days.

Mr. and Mrs. Leo Corning of Chicago are vacationing with Mrs. Corning's mother, Mrs. Theodore Farrell, 411 First avenue south.

Mr. and Mrs. Rex Hawbaker, recently married in Minnesota, spent part of their honeymoon here and have left for Stevens Point, Wis., where they will make their home.

Mr. and Mrs. T. M. Mulvaney of Cincinnati, Ohio, are visiting at the home of Mr. and Mrs. W. F. Shepeck, 614 South Ninth street, for ten days.

Miss Dorothy Lee Culver of Chicago is visiting her grandmother, Mrs. J. H. Kincaid, Route 1, for a month.

Mrs. C. Goodwin of Oklahoma City, Okla., is visiting her sister, Mrs. Bernard Dwyer, 308 South 16th street, and other relatives for a month. She arrived Wednesday.

Mrs. Fridolph Johnson and the Misses Joyce L. and Lois Johnson, 420 South 13th street, are in Iron River. Mrs. Johnson will return today but the girls are remaining several days longer.

Mr. and Mrs. Thor Lieungh, 1214 First avenue south, have returned from Dayton, Ohio, where they spent a week.

SUMMER BRIDE—At a recent ceremony which took place at the parsonage of the First Methodist church, Miss Margaret Saul daughter of Mr. and Mrs. George Saul, 806 South 17th street, became the bride of Ernest J. Baribeau, son of Mr. and Mrs. Philip Baribeau, 528 North 18th street. The couple reside in Escanaba. (Ridings Photo.)

Highland Golfers Will Attend Meet At Iron Mountain

Women golfers of the Highland club are invited to attend an invitational meet at the Pine Grove Country Club at Iron Mountain, to be held next Thursday. Those who plan to attend should make their reservations before noon today by calling Mrs. John Cass, 1982.

The meet, which is for golfers only, will be preceded by a nine o'clock breakfast. Luncheon will be served at the Chippewa club, and there will be a tea later in the afternoon.

The regular Highland Ladies League pairings for next Wednesday have been cancelled due to V-J day, and play will be the same as on Sundays.

Winners Named
Golf winners of last Wednesday's matches were Mrs. Stanley Ostman, Mrs. Ben Douglas, and

Art Fontaine of Manistique, who recently was discharged from the service, visited several days with relatives here before returning home.

Mr. and Mrs. Roy Schmit, Ford River road, have returned from a vacation visit in Milwaukee. They were gone about a week.

Mr. and Mrs. Dan Garbe, Gladstone Route 1, are spending the weekend in Iron Mountain visiting friends.

Ishpeming Pastor To Head Mission Covenant Group

Ishpeming—The Rev. Cecil Osterberg, Ishpeming, was elected chairman of the Sunday School association of the Upper Michigan district of the Mission Covenant churches, succeeding the Rev. Paul E. Johnson, Iron Mountain, at the annual business meeting at Covenant Point, Hagerman lake.

Other officers are the Rev. David Bjurlin, Menominee, succeeding the Rev. Fritz Erickson, who moved to Illinois; Miss Vivian Peterson, Kingsford, elected for her third consecutive term; Miss Marie Rahm, Iron Mountain, vice secretary, succeeding Miss Ruth Pearson, Iron Mountain, and Harold Udd, Menominee, on the board.

At the annual business session of the Young Peoples association Miss Edith Anderson, Carlshend, was elected chairman; Curtis Lindahl, Iron River, vice chairman; Miss Lois Lindbloom, Menominee, secretary and Mrs. Eldred Erickson, Stambaugh, vice secretary.

Some 200 persons attended the missionary rally. Prof. Eric Hawkinson, of North Park College and seminary, Chicago, was the principal speaker.

Others taking part in the service were the Rev. O. E. Swanson, Iron Mountain, who introduced the missionary field workers—the Rev. Edwin Hanson, Powers; the Rev. Odin Wickstrom, Florence; and Miss Matilda Erickson, Newald, Wis., each of whom gave greetings.

CHOOSING RINGS
When buying her own engagement and wedding ring, a practice which became a necessity during the war, the lady generally selects a neater, plainer and cheaper set than she would if her fiancé were along to influence the choice, according to a jewelry survey in Cincinnati.

Miss Lucille Beyersdorf, winners at bride were Mrs. Clyde Bowles, first, and Mrs. C. E. Johnson, second.

The city of Chicago has grain elevator facilities sufficient for more than 27,000,000 bushels of grain.

Births
Lt. and Mrs. William Hemminger are the parents of a daughter, born August 7 at St. Francis hospital. The baby is the first child in the family. Mrs. Hemminger is the former Mary E. Krueger.

Mr. and Mrs. Walter C. Peters of Eau Claire, Mich., are the parents of a daughter, born August 5. Mr. Peters, the son of Mrs. William Peters, 1212 Fourth Avenue south, is superintendent of schools at Eau Claire.

Social - Club

Commandery Picnic
Escanaba Commandery No. 47 will hold its annual picnic at the Daulton Rehnquist beach, Ford River Mill, Sunday Aug. 11. All Masons and their families are invited. They are asked to bring their own table service. Picnic lunch will be served from 3 p. m. until 8 p. m. by Edward Packenhelm and his committee.

Rebekah Lodge Meeting
Phoebe Rebekah Lodge No. 179 will hold a regular meeting this evening, at the L. O. O. F. hall, north 10th Street beginning at 8 o'clock. The social hour will be in charge of Mrs. Anna Peterson as chairman, assisted by Mrs. Minnie Gossnell, Mrs. Lovia Buckland, Mrs. Signe Carlson, Mrs. Alma Sandberg and Mrs. Hilda Anderson. A large attendance is desired.

Bare midriff evening gowns continue to set a high-fashion mark for all ages. Designed for the sophisticated, a brief twist of a bra with a swag covering one shoulder is worn above a beautifully simple skirt. Grecian-draped on a sparkling waistband. The junior miss is included in the style trend with a formal cotton frock in a diagonal plaid whose demure bodice buttons in points onto a swirling skirt.

Recent Luncheon At Escanaba Club Is Successful Event

A large group attended the luncheon on Wednesday at the Escanaba golf club.

Prizes in bridge were won by Mrs. William Kennedy and Mrs. J. E. Byrns. Golf prizes for special events were won by Mrs. Joseph Poffenberger, low net, and Mrs. John Card, mystery prize.

Regular golf pairings for next Wednesday have been cancelled, due to V-J Day activities. On Thursday, women golfers are invited to the invitational meet at Iron Mountain. Those who plan to attend should make their reservations before noon today with Mrs. Harry Needham.

Lack Of Housing Causes Big Evictions Headache

Pass the aspirin bottle and start reading one of the biggest headache stories of the day—a headache not only in Escanaba but throughout the state and nation.

It is the story of evictions caused or at least aggravated by the housing shortage. And the big headache is a combined affair that includes the aches in the heads of property owners, their tenants, the officers who must serve the eviction papers, and the circuit court commissioners who issue the necessary notices and other legal papers and hold the hearings.

There have been about 40 evictions—so-called—in Delta county in the past 12 months. So-called because in not one instance did the proceedings end with the officers piling the household effects of the ousted tenants on the street. There has been really but one complete eviction—and in that case the family was living out of town and their furniture was moved into storage.

Eviction Procedure
Sheriff's deputies have the unpleasant job of serving the eviction papers. The first of these is a written notice to occupant to terminate his tenancy, which the tenant must do at the end of his rental period which is usually one month.

The owner of the property then, if the tenant does not vacate,

makes a complaint to the circuit court commissioner claiming that he is entitled to possession of his property that the tenant is holding unlawfully. A summons is issued and a hearing is held within three to six days to determine who is entitled to possession of the property.

If the landlord owner is entitled to possession a writ of restitution is issued within five days and, unless the case is appealed to circuit court the writ is served on the tenant and he is legally evicted.

But the officer uses his discretion in removing the tenant, and makes every effort to encourage the tenant to find a place in which to live—and soon. On the one hand he is finding out the usually uprate landlord who wants possession at once, and on the other he is drying the tears of the tenant—who may or may not be making a sincere effort to find another place to live.

The Landlord's Angle
The landlord's problem is simple. He owns a house and wants possession. Sometimes he has purchased the house recently, expecting to solve his personal housing shortage as an owner.

One of these was a world war veteran who bought a house and couldn't get the tenants out. He threatened to use strong-arm methods until he was gently warn-

ed that the law has a double edge. Another incident of eviction trouble is to have its hearing in court in Justice of Peace Henry Ranguette's court this morning at 10 o'clock. Lawrence Pratt of 801 Stephenson avenue has an apartment at the rear of his shop rented to a serviceman's family, which includes four children. The serviceman is Clarence LaPalm, who is home on furlough from veterans' hospital at Battle Creek.

Escanaba police had their first inkling of trouble Monday when the LaPalm's reported their lights and water had been shut off. Yesterday Pratt pleaded not guilty in justice court to a disorderly charge brought against him by LaPalm, who claimed that Pratt had "shouted foul and obscene language" in the presence of his wife and children. Pratt had earlier instituted eviction proceedings.

More Face Eviction
There are other aspects of the housing situation besides the troubles that are aired in court. One family threatened with eviction continued to live in the upstairs of a building on Ludington street without making an effort to find other lodgings. To make way for an addition to his industry, the owner began tearing the building down around the tenant.

Where do the evicted families go? They find houses and apartments where they can.

Indicative of the housing shortage are the recent "this is a private home" signs appearing on buildings on First Avenue north in a section which a few years ago was devoted to nocturnal goings-on. Those signs mean the old order has changed and that a house

McMillan

McMillan, Mich.—Mr. and Mrs. Roger Gray and children and Mrs. Leonard Allender have returned to their homes in Cambridge, Ohio after visiting with relatives Mr. and Mrs. Carlos Weekly and children and Mr. and Mrs. Paul Weekly and daughter.

Mary Alice McInnis was a caller in Newberry Saturday.

Mr. and Mrs. Harry Smathers of Newberry called on Mr. and Mrs. A. J. Mainville Sunday.

Mr. and Mrs. Bob Hartley of Germfask were dinner guests of Mr. and Mrs. Howard Russell Monday evening.

Mr. and Mrs. Reginald Bengry of the Soo visited with relatives Mr. and Mrs. Perry Mark and son Billy over the week end.

Mr. and Mrs. Howard Russell combined business and pleasure in a visit to Manistique on Wednesday.

Mr. and Mrs. Orval Belanger of Seattle, Washington were visitors at the Generou home Sunday evening.

Mr. and Mrs. Neil Kwakemake and son Donald left Wednesday for

their home in Grand Rapids after visiting with friends Mr. and Mrs. Amos Thompson.

C. E. Byers of Lakefield was a caller in town Thursday.

Mrs. Albert Mark and her mother Mrs. Veal of Naubinway were callers at the George Taylor home Thursday afternoon.

Mr. and Mrs. Laurel Painter and family returned Wednesday from a vacation trip to Canada.

Mr. and Mrs. Fred Brown and daughter of Dollarville visited with Mr. and Mrs. Ralph Taylor and children and Mr. and Mrs. Floyd McInnis and family Wednesday evening.

Mrs. Howard Russell was a McMillan caller in Munising Saturday.

Mr. and Mrs. Logan Shelton have returned to their home in Kalamazoo after a visit with Mr. and Mrs. Melvin Musgrave.

Mr. and Mrs. Nelson Maddox and family returned Friday from Traverse City after spending the past three weeks picking cherries.

Mr. and Mrs. Quilton Rose, Mr. and Mrs. Charles Snyder, Mrs. Harrison and daughter Mrs. Statford have returned to their homes in Portsmouth, Ohio after spending a week's vacation with relatives Mr. and Mrs. John Burton and Mrs. Mrs. Melvin Musgrave.

Mrs. Jack Norton and infant son arrived home from the Newberry clinic Thursday evening.

"SALADA" ICED TEA

FOR BREAD, CAKES, PIES—BIG JO IS WONDERFUL!

CHOCOLATE CAKE
2 cups Big Jo Flour 2 squares unsweetened chocolate
1 teaspoon salt 1/2 cup butter or margarine
1/2 cup sugar 2 eggs
1/4 cup sugar 1 cup buttermilk
Sift flour, measure, and sift 3 times with soda and salt. Cream butter thoroughly, add sugar, creaming until light and fluffy. Blend in vanilla. Add flour mixture, one at a time, mixing well after each addition. Beginning alternately in flour and buttermilk, add flour mixture and buttermilk, ending with flour. Mix thoroughly. Bake in 8-inch cake pans with sides greased and bottoms lined with waxed paper. Bake in a moderate oven (350° F.) for 35 minutes. Cool 5 minutes in cake pans on wire racks; turn out on racks to cool before icing.

ICING: 1 egg white 1/4 cup sugar 3 tablespoons cold water
Mix first 5 ingredients in the top of a double boiler. Beat over boiling water with rotary beater for about 7 minutes or until mixture stands in firm peaks. Remove from fire and add extract. Ice cake immediately.

Tourist Visiting Territory Dies Of Heart Attack

Munising—Harrison Wood Griswold, age 63 of 116 South Ashley Ave., Greenville, Mich., a tourist visiting the Munising area, died of a heart attack near the Pines tourist resort on Highway M-28 about 10:30 o'clock Wednesday evening.

Mr. Griswold, an employee of the Grand Trunk Railroad, was visiting here with his two sisters, Mrs. Floyd Goodwin, and Mrs. J. H. Theetge, both of Greenville.

He was born in 1883 in Erin, New York. He was not married and is survived only by his two sisters, Mr. Griswold was a member of the L. O. O. M. lodge of Grand Rapids and the Odd Fellow lodge of Greenville.

The body was taken to the Beaulieu funeral home, Munising and is to be shipped to Greenville for burial in the Montcalm cemetery there.

Theda Hoy Marries New York Man Here Thursday Morning

Munising—Miss Theda Finch, daughter of Mr. and Mrs. John Hoy, 215 W. Onota Street, became the bride of Pasquale Borkilucci, Thursday morning at a ceremony performed at high mass in the Sacred Heart Church, Rev. O. J. LaMothe officiated.

Her attendants were Martin W. Stevens, and Martha Roberts.

For her wedding, the bride chose a pastel print street length dress with white accessories, and carried a corsage of red roses. The bride's attendant chose a yellow print dress with white accessories and carried a corsage of yellow roses.

A wedding breakfast was served after the ceremony at the home of the bride's parents. They will leave for a wedding trip to Lower Michigan, and from there will go to Pennsylvania, and on to Long Island, New York, where they will make their home.

Mr. and Mrs. Quig Cook spent Thursday visiting in Marquette.

Two Fights Draw Blood Wednesday

Munising—The main bout of the Bay View boxing card Wednesday evening between Edward Vertz of the Papermill addition and Delbert Mercier of Bay View had the fight fans on their feet from the first punch on.

Vertz drew blood from Mercier in the first round, the second time nose bleeds resulted from too hard a punch during the evening's fight card. The fight between Bobby Coryell and Bill Lamont was stopped in the first round because Coryell suffered a bloody nose. George Dougherty, official referee, stopped the fight.

Well over two hundred persons enjoyed the fights, some fans present being from Wetmore. The ring, under construction, was not complete enough to be used this week but will be used for the bouts on V-J day. Lack of lumber stopped construction but it is hoped the city will furnish the remainder in time to complete the ring for the next bouts.

Those constructing the ring said Wednesday evening, that a good length of rope will be needed and a few other incidental items to

complete the ring are being asked of donors. Two stools for the fighters to sit on between rounds are needed badly. At present they are using blocks of wood and a water pail. Other donations of turnbuckles, nails, and etc., for the ring have been coming in very nicely, it is reported. If someone has the rope the ring will be made complete, with no outlay of money from the fighters themselves.

Munising East End Announces List Of Boxers

Munising—A list of possible fighters to be drawn from the east end of Munising for the V-J day boxing matches was made up yesterday with the following names, ages and weights given:

Adolph Chartrand, 99 lbs., 13 years old.
Robert Gauthier, 110 lbs., 16 years old.
Edward Vertz, 96 lbs., 14 years old.
Raymond Morrison, 105 lbs., 14 years old.
Arthur Denny, 105 lbs., 15 years old.

Gerald (Butch) McQuiston, 75 lbs., 10 years old.
James Cherwinski, 77 lbs., 12 years old.
Jimmy Tuntri, 92 lbs., 12 years old.

Robert (Linko) Sharkey, 86 lbs., 13 years old.
Richard Masters, 96 lbs., 14 years old.

Boys listed above have been doing a little boxing on the side at the home of Robert Gauthier, who has acted as trainer and coach, and some of them have been participating in the Bay View addition fights. Edward Vertz was the one that featured in the main bout of Wednesday evening's card at Bay View this week. He was matched against Delbert Mercier of the regular Bay View boxing gang. Both boys showed promising spirit for the boxing game.

Fourth Of July Expense Report Is Made Public

Munising—A balance of 47 cents was left from the Fourth of July celebration, Chairman Walter J. Corey and Treasurer George Chudacoff announced Wednesday.

Receipts totaled \$1,145.70 and disbursements amounted to \$1,145.21.

Receipts included a balance of \$178.20 carried over from the 1945 celebration and \$976 received this year from contributors.

Expenses were listed as follows: Band, \$100; express, \$18.69; fireworks, \$381.31; floats, \$99.50; advertising, \$76.35; incidentals, \$86.21; telegrams, \$2.69; tug-of-war, \$25; fire department for water, \$30; sports, \$64.54; children's tickets, \$50; boxing, \$210.92.

Deckhand, Fireman Civil Service Jobs Open In This Area

Munising—Applications for appointment to duty in federal civil service in the Lake Superior area may now be filed for positions of fireman and deckhand, it was announced yesterday by the local postoffice. The announcement was made for the secretary, board of U. S. Civil Service examiners, U. S. Engineers office, Aerial Bridge Park, Duluth, Minn. Fireman rate of pay will be \$1.16 an hour and deckhand will be \$1.08 an hour.

Applications must be between the ages of 18 to 62 except for veterans and persons in the federal service who are war service indefinite employees.

Applications may be secured from any first or second class post office in the Lake Superior area besides from the secretary of the civil service examiners' board. Applications must be received by the secretary not later than the close of business on August 30, 1946.

LADY'S ALTER SOCIETY
Munising—A party sponsored by the Lady's Alter Society, St. Rita's Church, AuTrain, will be held at the AuTrain School Sunday, August 11. The public is invited to attend.

Games will be played beginning at 2:00 o'clock in the afternoon and at 4:30 P. M., a hot dinner will be served. The party will close about 9:30 o'clock in the evening.

The proceeds made will help erect a chapel for the AuTrain church.

Local Contractor's Bid For Post Office Repair Is Rejected

Munising—The bid of E. J. Peterson, Munising contractor, painter and decorator for repair of the local post office building, was rejected by the Chicago office. Federal Works Agency, Public Buildings Administration, it was announced yesterday. Mr. Peterson's bid was for \$1,027.92.

Postmaster Edward Genry said yesterday that he had received no other word concerning the repairs of the local building, and does not know if new bids will be called for or if the project has been abandoned for the time being.

MUNISING BRIEFS

Births at the Munising hospital recently have been announced as follows: a son born August 1 to Mr. and Mrs. Charles Ake; a son born August 6 to Mr. and Mrs. Victor Cordish and a son born August 7 to Mr. and Mrs. Ed. Johnson.

Edward Bashaw left Wednesday for Detroit, where he will visit for several days.

First Lieut. Robert E. Oas, who has been on duty with the Army Air Forces in the Pacific since July, 1945, is enroute home from the Philippines for discharge.

Richard Seglund has left for Detroit, where he will be employed. His brother Wilfred, accompanied him there to spend a few days, visiting.

Mr. and Mrs. Andrew Soukup and Donald Evans visited with Mrs. Don Evans a patient at St. Lukes hospital, Marquette, Wednesday evening. Mrs. Evans is reported doing nicely after undergoing a serious operation on Saturday.

Mrs. Clara E. O'Brien of Chicago, is visiting with the R. E. O'Briens in Munising and Grand Marais.

Mr. and Mrs. Thomas Stathakis have returned to their home in Chicago, after visiting a week with Mr. and Mrs. Nick Gherandas.

Mrs. Nick Gherandas and family are spending a week at their cottage in AuTrain.

Mr. and Mrs. Thomas Crommel and son Mike left Wednesday for Green Bay where they will visit friends and relatives for two weeks.

Whitney R. Dixon, Field representative of the U. S. E. S. will visit at the local office today.

John W. Norby, Field contract representative of the Veterans Administration conferred with veterans at the U. S. E. S. Thursday. His next visit will be at the local office of the U. S. E. S. August 22.

Miss Lee Dobbs will leave Saturday for Detroit, where she will visit friends and relatives for a week.

Moose Lodge Takes Junior Baseball City Championship

Munising—The Moose Lodge nosed the Atkinson Fords 9-8 Wednesday evening to cop the city championship in the Junior baseball tourney. The game was nip and tuck all the way, and although there were numerous errors, they were off-set by some sparkling plays.

The Fords opened the scoring in the first inning. LaFave led off and was safe on Daniels' error. Seglund fanned out. LaFave took second base on a wild pitch. Morrison singled and LaFave scored. The Moose tied it up in their half on a walk to Doucette, a stolen base and Seglund's error. In the second inning the Fords scored on Dautz's hit, stolen base and a hit by LaFave. Nine men batted in the second for the Moose, and three hits, a hit batsman, one walk, and three errors they ran over four runs. The Fords duplicated this in the third inning scoring four runs on three hits, and four errors. The Moose scored three more in the fourth on two hits and three errors, and their final tally in the fifth. The Fords got single tallies in the fifth and sixth innings.

M. Boyak made two nice running catches with his back to the infield. Both catchers played good ball, LaFave making some nice stops of wild pitches, and Doucette was the Moose sparkplug, walking once, driving out two hits, scoring three runs, and stealing second base three times. P. Dautz led the Fords with three hits in four times up.

Box score:

Moose	R	H	E
Doucette c	3	2	2
Sowa 3b	1	1	1
Brud p	1	0	1
Leiphart 1b	1	2	0
M. Boyak ss	0	0	1
Wapnick lf	0	0	1
Daniels 2b	1	0	1
Steinhoff cf	1	0	1
L. Sharkey rf	1	1	2
Totals	9	6	12

Fords	R	H	E
LaFave c	2	1	0
Seglund ss	1	0	2
Morrison 3b	1	2	0
Bovan p	1	1	1
Pelletier lf	1	1	1
Sharkey 1b	1	1	0
Dautz cf	3	3	0
Depew rf	0	1	2
Tunteri 2b	0	0	2
Totals	8	10	8

Score by innings:

Fords	114	110	0	8
Moose	140	310	x	9

Two base hits — Pelletier, Hit by pitch—Daniels. Bases on balls —Bovan 3, Brud 1. Wild pitch—Bovan 3, Brud 1. Strikeouts—Brud 8, Bovon 3. Left on bases—Moose 6, Fords 5. Earned runs—Moose 3, Fords 2.

WEDDING SHOWER

Munising.—A wedding shower, in honor of Miss Katherine Scholtes, daughter of Mrs. Alice Scholtes, 300 West Munising avenue, who will be married to Donald Anderson of Minneapolis, Saturday, August 10, was held Wednesday evening at the home of Mrs. Felix Boyak, 320 West Superior street. There were 30 relatives and close friends in attendance.

Bridge and five hundred were played with Mrs. Lucille Strom taking high honors and Mrs. Mary Krueger, second honors, in bridge. Mrs. Gottlieb Haischer took high honors and Mrs. Argene Pelletier second honors in 500.

Decorations for the party were in pink and white trim with a table centerpiece an umbrella trimmed in like colors. Miss Scholtes received many lovely gifts. A delicious lunch was served at the close of the evening.

Mr. and Mrs. Robert Schilling are the parents of a girl born August 6th.

Scotty Can't Make Money In Detroit, Drops Fight Plans

Detroit, Aug. 8 (P)—Matchmaker Scotty Monteth abandoned his prize fight promotion at the University of Detroit Stadium today with the revelation that his gladiators caused more damage to his pocketbook than to each other.

He counted the net receipts of \$26,321 from Wednesday's card, which featured Middleweight Jake La Motta's 10-round decision over Holman Williams, and then threw his own towel into his own ring.

Plans for a show here August 26 have been cancelled, Monteth said, and he's "taking a rest." His last two cards have failed to attract the fans. Only 9,789 paid their way in Wednesday and the gathering was even slimmer at the previous show when Phil Terranova defeated Sandy Sadler.

La Motta fought for a \$12,500 guarantee, the matchmaker said, while Williams received \$5,264. There were other incidental items of expense including \$2,000 for the appearance of La Motta's brother, Joe, who decided Gene Boland of Detroit.

"We'll be lucky to break even," Monteth moaned.

WILL OBSERVE V-J DAY HERE

Legion Post Sponsoring Observance Of War Ending

Observance of the anniversary of V-J Day will be made in Gladstone and arrangements for the observance are in charge of August Mattson Post, American Legion.

The observance will include a baseball game, beginning at 5 o'clock in the afternoon, and a dance at the Legion hall at night. There may also possibly be some religious observance of the occasion.

At the dance, Gladstone's representative in the Upper Peninsula Fair Queen's contest will be selected.

The girl selected will represent this city at the Queen's contest at the fair the latter part of this month and will compete for the honor of being U. P. Queen.

The local observance of the day is being limited in scope in order not to interfere or conflict with elaborate plans which Escanaba is making for the day, it was stated by H. J. Skogquist, chairman of the committee in charge. Other members of the committee are George Mathison and Archie Cowen.

All stores and business houses of the city are being requested to close on the afternoon of the 14th.

Atom Bomb Makes Wild Prophecies Seem Rather Tame

Washington, (SS).—Nightmare prophecies of the 1920's about explosives so terrific that a few pounds would demolish a city, of war gases so deadly that a few pints would wipe out a population actually fell short of the realities of the atom bomb, a check-back on the two wartime bursts and the two Bikini tests indicates pretty clearly.

It was fashionable for a decade or so after World War I, to paint lurid pictures of a super-TNT that nothing could withstand. But all the dreamers of doom in those days thought only in terms of chemical compounds, releasing energy in immense intensity but perfectly conventional manner—that is, of atoms breaking out of old molecular combinations and rearranging themselves in new ones. Release of atomic energy was considered something for the twenty-first century, perhaps.

Similarly, the doers of "kill-em-all" poison gases envisioned something that would be released from bombs dropped by airplanes, or perhaps loosed in clouds from their wings. But they were thought of as essentially similar to mustard gas or phosgene, killing their victims by a mere whiff breathed into the lungs despite any kind of gas mask, or a small drop getting on the skin. Nobody, apparently, thought of anything so horrible as the radioactive "breath of death" mist that hovered over Bikini lagoon and drenched the target ships until their neighborhood was unsafe for days afterwards.

Least of all did it occur to the ghoulish speculators of 20 years ago that the same small package of compacted hellfire could produce both effects at once. Inventors of nightmares in those innocent days simply didn't have sufficiently uninhibited imaginations.

Hardwoods are so plentiful in Nigeria, Africa, that mahogany planks are used in boardwalks and to cover mudholes.

Out Our Way By Williams

GRADUATE NURSE—Dolores Lindgren Mattson was recently graduated from Jackson Park School of Nursing in Chicago. Ceremonies were held in the South Shore Community church. She is continuing her studies at Jackson Park. A graduate of Gladstone high school, Class of 1942, Mrs. Mattson is a daughter of Mr. and Mrs. John Lindgren, 420 S. Tenth street.

SCHOOLS OPEN SEPTEMBER 3

Need But Three Teachers To Fill Faculty For 1946-47

But for the exception of three positions the Gladstone public school faculty for 1946-47 has been filled. It was learned yesterday from Supt. Wallace Cameron. Needed and being sought at the present are a combination Latin-English teacher, one for the English department and another for the science department. All are in the high school.

Teachers will report two weeks from next Monday, August 26, and from the 27th through the 30th attend a pre-school conference at Escanaba.

Classes will open on Tuesday, Sept. 3.

The calendar of vacations and semesters follow:

Sept. 3—Classes begin.
Oct. 3-4—M. E. A. conference, Escanaba.

Nov. 28-29—Thanksgiving vacation.

Dec. 21—Christmas vacation begins.

Jan. 6—School reopens.
Jan. 17—First semester closes.
April 3-7—Easter vacation.
April 8—School reopens.
May 30—Memorial Day, school closes.

STATE LAND SALE
NOTICE IS HEREBY GIVEN, That pursuant to the provisions of Section 131 of Act 206, P. A. 1935, as amended, placed on file in Delta County will be for sale at public auction Friday, September 6, 1946, at ten o'clock in the forenoon, Eastern Standard Time, in the courthouse, Escanaba, Michigan.

Pursuant to statutes, deeds conveying lands so offered will reserve the rights to minerals, coal, oil, gas, and gravel, and all other rights of ingress and egress over and across lands lying on the watercourse or stream, all rights to a boriginal antiquities.

Pursuant to Section 6, Act 155, P. A. 1935, as amended, any person (former owner) who at the time of the sale had an interest in lands so sold, shall have the right for a period of thirty days after the public auction to meet the highest bidder. For this reason, successful bidders at the sale will receive a thirty-day purchase certificate. If the former owner does not redeem, the certificate will be issued to highest bidder at the expiration of thirty days, or in the event the former owner does, in the event the high bidder will receive a refund of the purchase price. Former owners, under the provisions of this sale, do not acquire mineral rights. The right is reserved to reject any or all bids.

Further particulars and list of property to be offered are available at the County Treasurer's office at Escanaba, Michigan, Conservation District Headquarters, Escanaba, Michigan, or Lands Division, Department of Conservation, Lansing.

Making Greeting Cards For The Blind To 'See'

By ARLENE WOLF
(P) Newsfeatures Writer

New York—When Christmas rolls around again, the nation's blind will be able to select their own special greeting cards.

Designed to give pleasure to both the sighted and sightless, these unique cards combine a Braille and printed message, and are decorated with raised designs which the blind can "see" with their sensitive fingers.

The cards are the newest work undertaken by the Women's Conference of the Society of Ethical Culture, an inter-religious fellowship, and are made by 40 volunteers who meet at the society once a week to transcribe and bind books for the blind. Some 300 cards for birthdays, Easter and Christmas have been produced in the past six months.

Blind Man Checks Work
The volunteers hand-letter and some sort of decorative design. The ornament is then covered with shiny sprinkles, which give an embossed effect.

Each design and Braille message is approved by William Schenck, blind proofreader on staff of the New York Public Library.

Library for the Blind, who also checks the accuracy of the group's transcriptions of whole volumes.

So far this year, working at home and at the Society, the volunteers have produced and bound 108 books, and donated them to organizations like the Foundation for the Blind.

Message Keys to Design
"We try to include in the message some clue as to what the design is," explains Mrs. Joseph Davis, chairman of the Braille Committee. "For example, here's one with an orchid on the front—and the Braille message reads 'orchids to you on your anniversary.'"

The cards are sold at cost—about seven cents each—and orders have been received from India. The customer from India wanted special cards "for our Mohammedan festival 'Idol'."

J. E. CLICK DIES THURSDAY

Heart Ailment Fatal
To Manistique
Resident

J. Edward Click, 67, a resident of Manistique for the past 20 years, died Thursday morning at 5:18 o'clock at his home, 512 Delta avenue, after an illness of several weeks. Death was caused by a heart ailment with which the deceased had been suffering for about a year.

Mr. Click was born March 1, 1879 in Boyd county, Ky., and came to Engadine 32 years ago, residing there while employed by an Engadine co-operative company for 12 years, before he took up his residence in Manistique. He was employed here for some years by the Edwin Ball Co-operative company though his last employment was with the Schoolcraft county road commission.

He attended the Methodist church of this city.

He is survived by his widow, Martha, four daughters and three sons: Clara of Waukesha, Wis.; Mrs. Berne Fisher, Gould City; Mrs. Avonelle Brunet, Center Line, Mich.; Mrs. Edna Jahn, Manistique; Harry, Wayne and Ralph, all of Detroit. A brother, John, of Olive Hill, Ky., and ten grandchildren also survive.

The body is being prepared for burial at the Morton funeral home where services will be held Saturday afternoon at 3:30 o'clock with Rev. Otto Steen, Escanaba, officiating. Burial will be made in the Fairview cemetery.

Chicago Soloist's Program Was Much Enjoyed By Crowd

A large, appreciative audience enjoyed the program presented by L. Seth Bennett, bass baritone of the Chicago Association of Commerce glee club, Saturday evening at the Germfask Methodist church.

The program was sponsored by the Community Club of Germfask and proceeds will be used for the community building project.

Accompanied by his wife, Mrs. Bennett sang first a group of operatic songs, "The Two Grenadiers" by Schumann; "Hear Me, Ye Winds and Waves" by Handel, and "Evening Star" by Wagner. The group which followed included "Come to the Fair" by Martin; "A Little Bit of Heaven" by Ball; "Captain Mack" and "Friend O' Mine," both by Sanderson.

Particularly well received was a group of negro spirituals arranged by Burleigh and presented by the Chicago soloist in the second half of the program. These were "Deep River," "Joshua Fit de Battle of Jericho," "Swing Low Sweet Chariot," and "Oh, Didn't It Rain."

The final group included "Danny Boy" by Weatherly; "Young Tom O'Devon," an amusing song about a farmer lad by Russell; "Smilin' Through" by Penn, and "Three for Jack," a humorous sailor song by Squire. For an encore Mr. Bennett sang "Just A Wearying for You," by Bond and a request number, "Trees" by Rasbach.

The program closed with the beautiful "Lord's Prayer" arranged by Malotte.

During the intermission, Mrs. C. S. Johnson spoke briefly on the purpose and previous work of the Germfask community club, explaining its origin and summarizing its accomplishments.

A social hour followed the program with the ladies of the club serving lunch which was in charge of Mrs. Axel Mortensen and Mrs. Walter Lafreniere.

Miss Lois Nylander, daughter of Mr. and Mrs. Ed Nylander, North Cedar street, who has been receiving medical treatment in Marquette, is spending a few days at her home here.

Band Concert Will Be Heard Here At 9:15 This Evening

The first in a series of summer band concerts will be presented by the Manistique municipal band this evening about 9:15 o'clock at the county courthouse grounds, Ferd Gorsche, band director, announced yesterday.

The time of starting the concert has been set rather late in the evening in order to enable shoppers and local people working this evening to hear the program.

City Briefs

Rev. and Mrs. Peter Bissett and sons, of Marshall, Mich., who are on vacation in the Upper Peninsula, are visiting here for several days at the home of Mr. and Mrs. Lawrence Stresler, North Cedar street. Rev. Bissett will conduct services Sunday morning in the First Baptist church.

Mrs. Neil Barr of Ashland, Ohio, is visiting here at the home of Mr. and Mrs. Fred D. Heltman, Bear Trap Lodge, on Indian Lake.

Mrs. Earl Steinicke and son, Jack, of Cleveland, Ohio, arrived Tuesday for a two weeks' visit at the home of Mrs. Steinicke's uncle, Axel Johnson, South Mackinac avenue.

Mr. and Mrs. P. C. Nauert of Lakewood, Ohio, are visiting here with their son-in-law and daughter, Mr. and Mrs. Fred W. Heltman, on Harrison Beach.

Robert W. Piper of Dearborn and Horace Webb of Flint are visiting this week at the Jack Williams home on Manistique avenue and with George Barnes and Robert Oberg. They spent Wednesday in Cornell and Escanaba visiting with friends who served with them in the U. S. Army in France. They will return to their homes today.

Mr. and Mrs. W. E. Laing and daughter, Jeanette, have returned to their home in Quincy, Fla., following a visit here with Mr. and Mrs. Laing's son-in-law and daughter, Mr. and Mrs. Birger Anderson, at the Harold Johnson home on West Elk street.

Mrs. William Sinton and Mr. and Mrs. Fred Johnson of Monmouth, Ill., are expected to arrive here this week for a visit at the home of Rev. and Mrs. Harold E. Martinson.

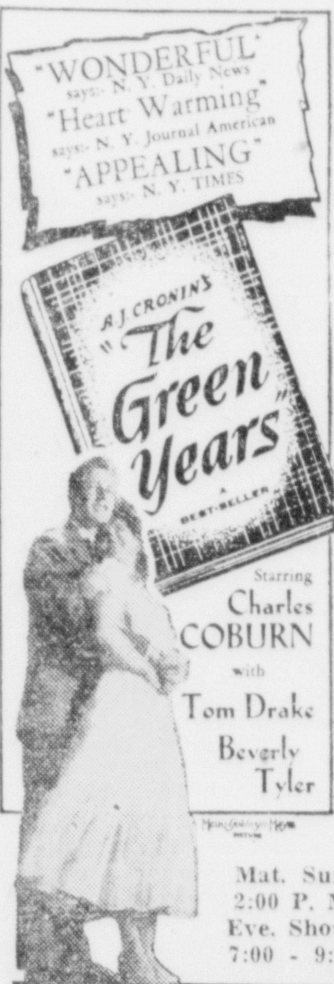

Social

Birthday Party

A group of friends gathered together recently at the home of Mrs. Oscar Anderson, North Houghton avenue, to honor Miss Jeanette Laing, who has been visiting here from Quincy, Fla., with Mr. and Mrs. Birger Anderson, the occasion being her 20th birthday anniversary.

The evening was spent socially after which a delicious lunch was served to the 34 guests present.

Miss Laing received many lovely gifts.

CEDAR Starts Sunday
Theatre

AUG. 14 WILL BE A HOLIDAY

Stores Will Close On
Anniversary Of
V-J Day

It is expected that practically all public offices, federal, state, county and city, as well as all business and industrial places in Manistique will close next Wednesday, Aug. 14, the first anniversary of V-J Day, which has been declared a state holiday by an act of the state legislature and proclamation of governor Kelly.

Virtually all cities and towns in the state are observing the holiday in a like manner though celebrations and veterans' programs are planned in some cities.

It has not yet been definitely decided if there will be any local observance other than the closing of business places and cessation of all work.

Mayor William A. Berger issued the following proclamation yesterday respecting the V-J anniversary:

"Whereas God in His infinite wisdom gave final victory to our arms on Aug. 14, 1945, thus ending the most terrible war in history and

"Whereas the Governor of the State of Michigan has officially designated Aug. 14 as a legal holiday in this state and

"Whereas it is altogether fitting and proper that we should pause from our labors on this day to pay tribute to the men who made victory possible and to observe with appropriate ceremony the victory which meant so much for mankind;

"Now therefore I, William A. Berger, Mayor of Manistique, do hereby ask our people to join with the rest of Michigan in observing V-J Day, Aug. 14, and to suspend all business and work throughout the day."

Mrs. E. LaBrasseur Wins Golf Event At Indian Lake Course

Prize for low score in putts in the women's twilight events which followed a Wednesday night supper at the Indian Lake country club went to Mrs. Earl LaBrasseur. Mrs. Ferdinand Gorsche had low score in the two blind hole event and Miss Lucille Jolly had high score.

On the committee in charge of the program were Mrs. John Kasun, Mrs. Ferdinand Gorsche and Mrs. Earl LaBrasseur.

The committee handling the women's events on Wednesday of next week will be Mrs. Ernest Ecklund, Mrs. Alfred Radgens and Mrs. Bud Malloy.

Women golfers who intend to take part in the events next week are asked to call the golf club or members of the committee before Wednesday.

Briefly Told

Closed V-J Day—The United States Employment Service and Michigan Unemployment Compensation Commission will be closed all day Wednesday, August 14, V-J Day. The office will be open Thursday, August 15, through Saturday, August 17, at the usual hours 8:30 through 4:30. All claimants scheduled for Saturday are to report then.

DEATH TAKES MRS. MAHONEY

Indian Lake Resident
Dies After Short
Illness

Mrs. Nina Mahoney, 52, died Wednesday morning at 11:40 o'clock at her home at Indian Lake following an illness of several months.

Mrs. Mahoney was born in Manistique on Nov. 15, 1893 and lived in this community most of her life though she resided in Chicago for 19 years following her marriage to Tom Mahoney there in November, 1918.

She was a member of the Methodist church of this city and of the Ladies' Aid society of that parish.

Besides her husband, three step-children also survive. They are John of Algonquin, Ill., Elizabeth of Chicago and Mrs. Margaret Decker, Brookfield, Ill. Two grandchildren also survive.

The body was prepared for burial at the Morton Funeral Home and removed to the home of the late Fred Graham, Hiawatha, on Thursday to lie in state there until 11 o'clock Saturday morning. It will be returned to the First Methodist church at that time and will remain there until the hour of the funeral services, which will be held Saturday afternoon at 2 o'clock with Rev. H. G. Cowdick officiating. Burial will be made in Fairview cemetery.

Rev. and Mrs. Harold E. Martinson and family have returned to their home here following a week's vacation at Red Lake, Minn.

Raids On Gardens Prompt Warning From Police Chief

Following complaints from several local residents that their gardens have been plundered recently, Police Chief Roy Anderson is asking the cooperation of parents of youngsters and the youngsters themselves in curbing these acts of vandalism.

If hunger really prompted the youths to steal the garden truck, the thefts might be excusable to some extent, the chief said, but that is apparently not the case. Appealing to the youngsters' sense of justice, he pointed out that residents with fine gardens have spent many hours of hard work and gone to considerable expense to produce their crops, particularly important this year when the food situation in many parts of the world is critical.

The chief warned that juveniles caught plundering or destroying gardens would not be handled with any sympathy.

Help Wanted

Accountant. Business college or university graduate. Must have previous accounting experience, either as a public accountant or in private industry. Salary commensurate with ability and experience. Apply in writing stating experience and salary desired. Be sure to enclose photo in application.

Eight More Tournament Games Will Be Played Here Tonight

ESCANABA VFW TO SEE ACTION

Two Contests Scheduled At Each Of Four Local Diamonds

Eight opening round games in the district softball tournament will be played here tonight, two in Class A at the lighted field, and six in Class B at three non-lighted diamonds.

The Class A games tonight follow: Escanaba VFW vs. Safronek's, Iron Mountain, 7:15, Lighted Field; Umpires, Walter Brown and Jens Jensen.

Manistique Papermill vs. Prescott's, Menominee, 8:15, Lighted Field; Umpires, Walter Brown and Jens Jensen.

Class B games tonight: Ensign vs. Dagenals Grocers, 6:15, No. 1 diamond, Umpires, Joe Gardner and Ovid Provo.

Buck Inn, Escanaba vs. Gem's Bar, Iron Mt., 7:15, No. 1 diamond, Umpires, Joe Gardner and Ovid Provo.

Escanaba K-C vs. Buckeye, Gladstone, No. 4 diamond, 6:15, Umpires, Wilford Brown and John Romin.

Squinch's Bar, Iron Mt. vs. Lieung's, Escanaba, No. 4 diamond, 7:15, Umpires, Wilford Brown and John Romin.

Bethany, Escanaba vs. Verhamme's, Gladstone, Ludington Park diamond, 6:15, Frank Hirm and Whitey Moberg, umpires.

Flat Rock CYO vs. Benos Grill, Iron Mt., Ludington Park diamond, 7:15, Frank Hirm and Whitey Moberg, umpires.

One game scheduled originally for tonight, Granada Gardens vs. Iron Mountain Liberty Loans, has been rescheduled for Saturday night at 6:15 at the lighted field.

Although only two games are scheduled tonight at the lighted field, at 7:15 and 8:15 o'clock, any of the second games scheduled at non-lighted diamonds which are not completed before darkness intervenes will be shifted to the lighted field for completion, if necessary.

All of the remaining first round games will be played Saturday night, except the Bill's Bar, Kingsford and Delta Transit company game which will be played at 4:30 Saturday at No. 1 diamond. This game originally was scheduled for Wednesday night and was shifted to accommodate players unable to report at that time.

Some second round games in Class B also will be played Saturday night, with the remainder of the second round games booked for Saturday morning.

The Sports Parade

By Ken Gunderman

The district softball tournament now being conducted here under the sponsorship of the Escanaba Softball association provides a fine opportunity to point with pride to the sound leadership given to softball by the local association. The softball group is dedicated to the task of improving facilities, promoting the best interests of the game both for the players and the fans. It has done a grand job and has had the benefit of complete cooperation from team managers, sponsors and players.

Further improvements at the lighted field are already being planned by the association. Installation of additional lights is scheduled, as well as the construction of a modern backstop with bench.

PAPER MAKERS WIN BY 8 TO 3

Wally's and Frank's Of Gladstone Defeats Bert's Bar

Wally's and Frank's of Gladstone and the Paper Mill of Escanaba won feature games in Class A at the lighted field in the opening round of the district softball tournament last night. Wally's and Frank's trimmed Bert's Bar of Gladstone, 8 to 3.

In Class B games, Walgren's of Gladstone trimmed the Old Timers of Escanaba, 11 to 7. Cavi's Bar of Iron Mt. eliminated the Bollermakers of Escanaba, 4 to 1. Nahma defeated Marble Arms of Gladstone, 7 to 6, and Larmay's of Escanaba walloped Bay de Noc of Sturgeon Bay, 15 to 5. St. Ann's CYO of Escanaba and St. Joseph of Escanaba won on forfeits.

Strand's of Gladstone failed to present sufficient registered players and forfeited to St. Ann's. The Gladstone Yacht Club team disbanded this week and forfeited to St. Joseph's.

The line scores of last night's games:

Old Timers 001 201 3—7 6 1
Walgren's 140 122 0—11 15 2
Winchester and Moline: Tiber-
glen and Paines

Bollermakers 000 001 0—1 2 3
Cavi's Bar 202 000 x—4 3 1

Larmay's 175 020 0—15 12 8
Bay de Noc 410 000 0—5 7 8
Brayak and Bittners; Weidbrook and Brandt

Niagara Badgers
Win From Negaunee

The Niagara Badgers defeated Negaunee, 2 to 1, to clinch third place in the NWM league Wednesday night.

The Badgers will play at Iron Mountain Sunday while the Iron Kings play at Crystal Falls in sudden-death contests of the Shaughnessy playoffs. The winners will play a best two out of three series for the league championship.

YANKEE WINS EYC CONTEST

Great Bear, Chicago Yacht, Takes Cruise Division Honors

Yankee, Ed Erickson's R boat, piled up 9½ points to take the racing division of the Escanaba Yacht club race, it was announced last night after the finish of the Sturgeon Bay to Menominee leg. In the cruising division, the ketch Great Bear of Chicago, owned by Warren Davis was first with 11½ points.

In contrast to the calm in which the Fish Creek to Sturgeon Bay leg of the race was sailed the Sturgeon Bay to Menominee leg yesterday was sailed in a heavy wind in record time. The south-west wind, shifting to west was much to the liking of the sailors and all boats finished under the time limit where on the previous day only four boats were able to do so. Sturgeon Bay to Menominee time for the fastest boat was 2:23 and for the slowest, 3:14.

Order of finish at Menominee yesterday in the racing division, was: Rinette IV, M&M, first; Oslo, Escanaba, second; Flyte, M&M, third; Yankee, Escanaba, fourth; Loki, M&M, fifth and Bonny, Sturgeon Bay, sixth.

In the cruising division, winners of the day's leg were: Great Bear, Chicago, first; Rose of Sharon, Escanaba, second; Hope, M&M, third and Halcyon, M&M, fourth.

The Warren Davis owned Great Bear of Chicago with 11½ points was first and the Rose of Sharon, Charles Stoll's schooner of the EYC with 7 points was second in the cruising division of the race which started on Monday morning at Escanaba. Six other boats which took part in the race either did not sail enough legs of the race or failed to complete legs within the time limits to run up enough points to keep within halting distance of the two leaders.

In the racing division, Ed Erickson's Yankee, EYC, with 9½ points was the winner; Dr. Boren's Flyte, M&M, with 6½ points, second; Rinette IV, M&M, with 5½ points was third, Oslo, EYC, with 5 points was fourth; Loki, M&M, with 1 point was fifth and Bonny, Sturgeon Bay, sixth. On the Fish Creek to Sturgeon Bay leg of the race only the Yankee won points when the Flyte, only other boat in the division to finish within the time limit, was disqualified for crossing the starting line too soon.

Philadelphia	30	74	.288

Home Runs Rescue Two For Red Sox Over Cellarite A's

Boston, Aug. 8 (AP)—Home-run slugging by Johnny Pesky, Rip Russell and Dom DiMaggio more than offset the Red Sox' hitting deficiencies while the American league leaders were sweeping a doubleheader from the Philadelphia Athletics, 4-3 and 10-6, today before a 31,689 paid crowd.

The lowly A's out-hit the Sox by an 11-6 margin in the opener, which Pesky clinched for Joe Dobson by blasting Phil Marchildon for a triple and a single in addition to his four-bagger. Russell also connected for the circuit against Marchildon.

Connie Mack's cellarites banged three Boston hurlers for 14 hits in the second game while Joe Cronin's slugers totaling one less against four Philadelphia mounders. DiMaggio's homer came with a runner on in the fifth inning.

Detroit at Chicago—(night)—Hutchinson (7-9) vs. Smith (7-7)
Cleveland at St. Louis—(night)—Gassaway (0-0) vs. Galehouse (5-8)

SULKY RACERS HIT FAST TIME

Chestertown Captures Hambletonian, Runs Heat In 2:02½

Good Time Track, Goshen, N. Y., Aug. 8 (AP)—Chestertown, owned by Walter E. Smith of Los Angeles, won the 21st running of the Hambletonian by taking the second and third heats after finishing second in the first.

Victory Song, owned by Mrs. James B. Johnson Jr., of Rochester, Mich., who won the first heat, closed fast in the stretch to take second place in the third. Victory Song broke in the second heat and finished ninth.

Chestertown, bought for \$40,000 only a week ago, trotted the third heat in 2:03 after setting a season record of 2:02½ in the second heat. Last year's two-year-old champion, Deanna, who finished third in the first mile and second in the second, also put on a stretch rush to wind up third in the final heat as a Hambletonian record crowd of 16,015 cheered her game bid.

The victory was worth \$28,047.56 to Chestertown.

The son of Volomite was driven by the veteran Tom Berry, British-born one-time running horse jockey from Lexington, Ky., who won the Hambletonian behind Hanover's Bertha back in 1920. It was his 19th trip in the buggy whip derby.

Fishermen's Luck Spotty This Week; Weather Too Warm

Lansing, Aug. 8 (AP)—Angler's luck will be spotty in Michigan over the weekend, the state conservation department said today in its weekly report of fishing conditions.

In the western counties of the northern peninsula, trout fishermen have had fair luck while good muskellunge catches are reported on Lac Vieux Desert and other rivers are yielding good pan fish catches.

Warm weather has hampered trout fishing in the central counties of the northern peninsula while inland lake fishing for bass, lake trout trolling is good.

Bass, perch and pike are being taken from Muskegon, Pike, Perch, Indian and Manistique lakes in the eastern counties of the Upper Peninsula and trout streams and lakes are generally producing good catches.

In the northern counties of the southern peninsula, trout fishing ranged from poor to fair. Fishing is improving near Traverse City and Higgins and Hougen Lakes are yielding good catches of pan fish.

Perch fishing with minnows from Lake Michigan piers is good in the southwestern part of the state, and in southeastern counties, fair fishing is reported in the St. Clair river, Lake St. Clair, the lower Detroit river and Lake Erie.

Famed Yank Hitter Tony Lazzeri To Be Buried Saturday

San Francisco, Aug. 8 (AP)—Funeral services for Anthony Michael (Poosh 'Em Up Tony) Lazzeri, a member of the famed murderers' row in the New York Yankees' brightest hey-days, will be held at 1:30 p. m. Saturday.

Tony, a baseball player who never forgot an old friend or was too busy to help a youngster, was found dead last yesterday in his home here.

He apparently died of heart trouble some 36 hours earlier, the coroner's office reported.

Phillies And Braves Split Free-Hitters

Philadelphia, Aug. 8 (AP)—The Philadelphia Phillies and the Boston Braves divided a pair of free-hitting contests today, the Phillies winning the first game 9 to 8 and the Braves the second 7 to 6.

Late-inning rallies decided both contests. Jim Tabor, Phil third baseman, smashed out a three-run homer in the eighth inning of the first game to break a 6-6 tie and win the game. In the ninth inning of the nightcap he hit into a double play to end a rally which had netted the Phillies two runs.

Duck Population Low; 1946 Hunting Season And Bag Limits Cut

Washington, Aug. 8 (AP)—With the wild duck population reduced to "a dangerous level" the government today limited the 1946 hunting season to 45 days, the daily bag limit to seven and the possession limit to 14.

This compares with an 80-day hunting season last year, with a daily bag limit of 10 and with a possession limit of 20.

In making public the 1946 regulations today, Secretary of the Interior J. A. Krug called the duck hunting rules the most drastic since 1938.

The daily bag and possession limits for geese have been reduced to two of any kind in any combination, including brant, plus two snow geese or two blue geese, singly or in combination.

A half-hour has been clipped from the end of the shooting day for water fowl, coot, rails and gallinules. It will run from one half hour before sunrise to one half hour before sunset.

The hunting season runs from Oct. 5 to Nov. 18 in the northern zone; from Oct. 26 to Dec. 9 in the intermediate zone, from Nov. 23 to Jan. 6 in the southern zone.

Bing Crosby Among New Pirate Owners

Pittsburgh, Aug. 8 (AP)—A four-man syndicate in which movie actor Bing Crosby gained top billing with Frank E. McKinney, Indianapolis banker, purchased the Pittsburgh Pirates baseball club today for an unannounced price reported to be in the neighborhood of \$2,225,000.

The McKinney-Crosby associates announced by McKinney at a press conference today were John W. Galbreath, 49, Columbus, O., real estate man, and Thomas P. Johnson, 32, a Pittsburgh attorney.

McKinney's position in the purchase of the club came as no surprise but his announcement of Crosby's financial position in the deal which ended a 46-year dynasty of family ownership by the late Barney Dreyfuss and his heirs was not disclosed but McKinney said all four members of the syndicate have "about an equal" financial interest.

Consummation of the purchase was announced at a press conference today by McKinney. He said he was "happy" to take over with his associates the club, now floundering in last place in the National league.

The four-man syndicate bought the club from William E. Benswanger, president, who acted as agent for his mother-in-law, Mrs. Barney Dreyfuss, chairman of the board.

McKinney did not disclose the exact sale price but admitted it was "over \$2,000,000."

"The only change in personnel is my taking the presidency," the curly-haired 43-year-old banker commented, adding that personnel "will be the first order of business when the four new owners get together."

Benswanger, who said he would remain with the club for an indefinite period as an advisor, asserted he knew nothing of Crosby's interest in the deal until today.

Declaring profits for years to come would go toward developing the property, the new president added:

"They're going to see plenty of soap and water and paint splashed over Forbes Field."

Feller One-Hitter Wins 5-0; Whitesox Take Second, 7-6

Chicago, Aug. 8 (AP)—Bob Feller pitched his second one-hit game of the season today as Cleveland beat the Chicago White Sox, 5 to 0, but the White Sox took the second game of a doubleheader, 7 to 6, on Earl Caldwell's tenth-inning single.

Feller's one-hitter was the eighth of his career and established a new major league record, beating Addie Joss' record of seven with Cleveland in 1902-10. The only hit off Feller fell in the seventh when three Indians got mixed up on a pop fly by Frankie Hayes.

Hayes first fouled down the left field line and got a life when the ball fell between outfielders George Case and Third Baseman Ken Keltner. Then he lifted a tall fly to short center. Boudreau and Second Baseman Jack Conway started back. Seery moved in slowly, apparently waved back by Boudreau. The ball dropped safely between all three.

Despite a strained back suffered Sunday, Feller struck out five to make his season total 251.

First Game
Cleveland 010 000 310—5 11 1
Chicago 000 000 000—0 1 4

Feller and Hegan; Grove, Hamner (7), Hollingsworth (9) and Hayes.

Second Game
Cleveland 200 300 010—6 11 0
Chicago 011 100 021—7 12 1

Embree, Lemon (4), Berry (8), Reynolds (10) and Hegan; Papish, Hamner (4), Maltzberger (5), Caldwell (9) and Tresh.

Leading Dodgers Win Over Giants In 10 Innings, 3-1

New York, Aug. 8 (AP)—Pete Reiser marked his return to action by clubbing Brooklyn's National league leading Dodgers to a 3-1 ten inning victory over the New York Giants today.

Reiser, who was injured in a series with the St. Louis Cardinals a little over a week ago, smashed his ninth home run of the year in the first inning and then tripled with two mates aboard in the extra frame to enable the Dodgers to stretch their margin over the idle Red Birds to two games.

Score by innings:
Brooklyn 000 000 000 2—3 7 0
New York 000 001 000 0—1 7 1

Lombardi, Casey (6), Branca (10) and Edwards; Trinkle, Kozlo (10) and Cooper, E. Lombardi (10).

TEN-INNING TILT TAKEN BY CUBS

Reds Outthru Bruins But Drop Decision With Five Errors

Cincinnati, Aug. 8 (AP)—The Cincinnati Reds outthru the Chicago Cubs 7-6 today but five errors on the part of the Redlegs gave Chicago a 2-1 victory in ten innings.

Benny Zientara, filling in at shortstop for the ailing Eddie Miller, pulled two bobbles in the final inning enabling the Cubs to score the winning run. With one out, Peanuts Lowrey shot a grounder to Zientara and was safe when the shortstop fielded the ball with his chest.

Don Johnson walked and then Zientara allowed the bases to become filled when he fumbled Marv Rickert's grounder. Phil Cavarretta hit a long outfield fly and Lowrey scored the winning run to give Hank Borowy his sixth victory against five defeats.

Dykes New Manager Of Hollywood Stars

Hollywood, Aug. 8 (AP)—Jimmy Dykes, former pilot of Chicago's White Sox, today was named manager of the Hollywood Stars of the Pacific coast league. The appointment is effective immediately.

He succeeds Robert S. (Buck) Tausett, who announced Saturday that he would quit at the end of the present season to devote all his time to the Albuquerque club of the West Texas-New Mexico league, of which he is part owner.

Dykes' appointment, said President Victor Ford Collins, is for the rest of this season only.

Now in fifth place, after losing six out of seven to cross-town Los Angeles last week, the Stars are 18½ games out of first.

Indian Workers' Repatriation Is Malaysian Problem

(AP) Newsfeatures
Singapore—The desire of thousands of Indians for repatriation at a time when governmental regulations drastically restrict procurement of replacement workers from India confronts Malaya's expanding economy with a serious problem, in the opinion of S. K. Chettur, representative of the government of India for Malaya.

Father Divine Marries Young White Woman, 21

Philadelphia, (P)—Father Major J. Divine, negro religious leader who moved his "Heaven" here from Harlem in 1942, was married April 29 in Washington to a girl listed in marriage license records as Edna Rose Ritchings 21, white, of Montreal, Canada.

Confirming the marriage, Divine's secretary, "Martha Blessed Love," said "this marriage is to propagate virtue X X X and to give the whole nation a new political and religious birth of freedom."

The license records disclosed that Divine gave his age as 41, his status as widower, and his address as Philadelphia. He has called his various properties "Heavens" for his followers, who take names such as "Prodigal Son," "Tree of Life" etc., when they embrace his cult, the motto of which is "Peace, It's Wonderful."

The ceremony was performed by the Rev. Albert E. Shadd, who said in Washington today that he is a Baptist minister ordained in Boston in 1914.

Rev. Shadd told a reporter he is not a member "of Father Divine's Cult" but that he is "a personal friend of the movement" and has "endorsed its activities for a number of years." He added that he had made Father Divine's acquaintance in recent years.

Shadd said all details of the ceremony were "Confidential."

Eagle River Fuse Factory Got Its Start 84 Years Ago

Calumet—As many residents of the district and tourists pass along the bridge in Eagle River in Keweenaw county and view the dam and its falls alongside the Lake Superior Fuse company's factory, little do many realize that the latter is one of the oldest established industries in Michigan, and possibly in the middle-west.

The Lake Superior Fuse company, founded 84 years ago at Eagle River by the late Joseph Blight Sr., has been in continuous production of fuse used in iron and copper mining. On July 29 the factory began production after its only prolonged layoff in its history. On March 22 of this year, production of the fuse stopped due to the large stockpile on hand, which wasn't being used on account of strikes which closed some of the larger iron mines in the Upper Peninsula and Minnesota.

Several Exclusive Users

The war years saw the Lake Superior Fuse Company enjoy some of the busiest in its history. The biggest production year was in 1943, when 11,116,900 feet of fuse were produced. The figure, however, dropped in 1945 to a total production of 7,455,000 feet. This drop was largely attributed to the shortage of material used in making the fuse, and the plant in that year operated only 10 months. The average daily production capacity of the factory is 33,000 feet of fuse.

Some of the exclusive users of the fuse are the Republic Steel corporation, the Pickands-Mather Co., the Cleveland-Cliffs Iron Co., North Range Iron Co., the Isle Royale Copper Co., and the Copper Range Co.

As far as is known, the only other fuse-making concern in the United States is the Ensign-Pickford Co. of Finsbury, Conn.

The plant at present is under the management of M. B. Bawden and his son, R. M. Bawden.

Chatham

Personals

Chatham, Mich.—Mr. and Mrs. Walter Kallio of Escanaba and son Donald of Detroit visited relatives in Chatham Sunday.

Mr. and Mrs. William MacNeil and daughter Marcia of Onaway who have been visiting relatives in Ishpeming for the past three weeks, were supper guests of Mr. and Mrs. Fred Lemm Tuesday evening.

Mr. and Mrs. Matt Kallio and children John Michael and Matthew of Chatham visited relatives in Chatham Sunday.

Mr. J. T. O'Leary, Jr., and children Margaret, Joseph, and John of Toledo, Ohio are visiting Mr. and Mrs. John Akkala.

Mr. and Mrs. Eero Linfors and son Sven spent the past week at their cabin at Twin Lakes.

Mrs. George alio and Mrs. Eino Sturvis visited in Marquette Monday.

Mrs. Oscar Johnson spent two days last week visiting her father, Andrew Parkkila at the Elder's Home in Republic.

Paul, John and Robert Coan of Escanaba visited Mr. and Mrs. Larry Barber last Monday. Their mother, Mrs. T. J. Coan, who visited several days at the Barber home, returned with them.

Mr. and Mrs. Albert Sautter of Newberry visited for several days recently at the home of Mrs. Sautter's parents, Mr. and Mrs. Conrad Swanberg.

Mrs. Sophie Parkkila spent four

GLAMOR GAL PLAYS CLOWN—Ann Sheridan signs autographs at Grand Rapids, Mich., for three clowns of the Ringling Brothers Barnum & Bailey circus, with whom she appeared as a clown during the performance to fulfill a childhood ambition. Ann told newsmen she had once tried to get a circus job in Texas—and failed. She appeared as guest of the executive vice president of the circus, John Ringling North. (AP Wirephoto.)

days recently as the guest of Mr. and Mrs. Axel Parkkila, Marquette.

Mr. and Mrs. A. Wyman and son David of Detroit who spent the past week at the Palonen cottage at Shag Lake, spent several days visiting at the home of Mr. and Mrs. Victor Palonen this week.

Mrs. Kenneth Weddell of Milwaukee is visiting at the John Kallio and Eino Sturvis homes.

Mrs. Eino Sturvis and children Don and Jerry left for Lake Linden this week end to spend a week there.

Mr. and Mrs. Boyd Churchill and children Mary Grace and Don of East Lansing were supper guests of Mr. and Mrs. Larry Barber Monday evening.

Twenty million calls a day more than a year ago are being made by telephone users in the United States.

Briefly Told

Discharged from Navy—Cox. Robert P. Boyle, 1018 First Avenue north, received his discharge from the navy on August 6 at Great Lakes, Ill.

Encampment Picnic—Members of Bay de Noc encampment, No. 174, I. O. O. F., and their families, will hold a picnic at Indian Lake, near Manistique, on Sunday, Aug. 11. Those desiring any further information may telephone 221-M.

Apply For License—Applications for a marriage license has been made at the office of County Clerk J. Theodore Ohlen by Ellsworth Eugene McFarland of Spring Valley, Minn., and Alice Gobert of Kenosha.

Boy Hurt In Ice Truck Accident

Vernon Bjorkquist, four-year-old son of Mr. and Mrs. Francis Bjorkquist of 1511 Third avenue south, was painfully but not seriously injured about 11:30 a. m. yesterday—while attempting to climb into an ice delivery truck owned by the S. M. Johnson Ice company. The lad suffered a deep gash on the upper right leg.

The accident occurred in the alley of the 400 block between 15th and 16th streets, police reported. Police said the driver of the truck, Leo Masta of 1201 Sheridan road, saw the boy trying to climb on the parked truck when he returned to the truck and warned the boy away. He drove about 150 feet down the alley and stopped for another delivery and then saw the boy lying behind the truck in the alley.

Masta took the child to the home of his parents where he is receiving treatment.

The accident brought a warning from S. M. Johnson and the police against the practice of boys and girls following the ice trucks and attempting to get on them, or to "hook" rides.

NAVAL FLIER KILLED

Sault Ste. Marie, Mich.—Ens. H. L. Neal, of the Grosse Ile naval air station at Detroit, died in the flaming wreckage of his Hellcat fighter plane Wednesday afternoon when it crashed after he took off from Municipal airport here.

Observers said Neal circled the field once and then, as a farewell gesture rolled the plane. It failed to right, crashed from a low altitude onto the airport, and burned.

The plane had been brought to Sault Ste. Marie from Atlantic City by another pilot. Repairs were made, and Neal came here to fly it to Grosse Ile.
